## KEY TRANSIT FACTORS

### ☾ Moon ☿ Quincunx ♇ Pluto ★

These days you might notice a gap between what you feel and what you think you should do about it. Your emotional reactions feel stronger than usual, and you can't quite figure out why small things are bothering you more. This mismatch between your feelings and your practical choices can make you feel stuck until you take time to understand what's actually upsetting you.

### ♅ Uranus ☐ Square ☉ natal Sun

Right now you feel restless with routines and rules that normally keep you stable, and you may act on impulses that surprise people who know you well. **You push back against limits** in ways that feel necessary to you but create real friction in your work or relationships. Over the coming weeks this sense of needing to break free will likely intensify before it settles, so expect some temporary disruption as you figure out what actually needs to change.

### ♅ Uranus ☐ Square ☿ natal Mercury

Your thoughts feel scattered and hard to pin down these days, making it difficult to follow through on plans or explanations. You might **interrupt conversations without noticing, say things you regret, or struggle to listen** because your mind is jumping between too many ideas at once. This restlessness in how you think and communicate will likely frustrate both you and the people around you until this period passes.

### ♇ Pluto ☐ Square ♀ natal Venus

Your relationships feel strained right now as you become more critical of your partner or people close to you. You may notice yourself **withdrawing affection or testing whether people really care**, which often pushes them away further. Over the coming weeks, this pattern will force you to look honestly at what you actually want from your connections instead of settling for surface comfort.

### ♅ Uranus ∟ Semi sextile ♄ natal Saturn

Over the coming weeks, you find it easier to **adjust your plans without feeling like you're losing control**. Small changes to your schedule or approach no longer feel threatening, and you can spot practical improvements you've been putting off. This is a good window to update systems, refresh routines, or try a different method at work without the usual resistance.

### ☿ Mercury △ Trine ♂ natal Mars

Your mind works faster than usual right now, and you naturally pick the most direct way to say what you think. You get things done without overthinking because your words and actions line up perfectly. This is a good time to have difficult conversations or push a project forward since you come across as clear and confident.

### ☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ☐ Square ♇ Pluto

Right now you feel **pushed to prove yourself** in ways that feel uncomfortable or unnecessary. Everyone around you seems more irritable, defensive, or bent on getting their way without compromise. This period brings out the part of you that resists being told what to do, and small conflicts can quickly turn into power struggles.
