KEY TRANSIT FACTORS

☿ Mercury ☿ Quincunx ☾ natal Moon

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

☿ Mercury ∟ Semi sextile ♅ natal Uranus

Your mind feels sharper at spotting patterns other people miss, and you're more likely to **ask the unconventional questions** that actually move a conversation forward. These days you find it easier to explain your unusual ideas to others because your words just seem to land better. Over the coming weeks, this is a good time to pitch new thinking at work or share perspectives you've been holding back.

♃ Jupiter ♂ Conjunction ♁ natal NNode

Over the coming weeks, you're likely to **say yes to opportunities that normally wouldn't interest you**, and many of them will turn out better than expected. People seem to trust you more easily right now, which makes networking and making new contacts feel natural rather than forced. This is a practical window to expand your professional circle or take on projects that stretch your skills in ways you've wanted to for a while.

♃ Jupiter * Sextile ♂ natal Mars

Over the coming weeks, you'll notice yourself **moving forward on things you've been putting off** without forcing anything. Your natural confidence is higher right now, so you take action more quickly and people respond better to what you're trying to do. This is a practical window where effort actually produces results, so starting a project or pushing a goal forward will feel less exhausting than usual.

♁ NNode ☐ Square ♀ natal Venus

Right now you are more **critical of your relationships and what you want from them**, and this makes it harder to enjoy the people close to you. You might find yourself questioning whether your partner, friends, or family actually fit what you need, or you push them away before they can disappoint you. Over the coming weeks, this friction can help you get honest about what you will and will not accept from others, but the process feels uncomfortable and isolating while it lasts.

☿ Mercury Rx · ♎ Libra

Relationship negotiations, contracts, and pending decisions become tangled right now. You may revisit agreements or feel pressure to reconsider commitments you thought were settled. Avoid finalizing important partnerships or legal matters until Mercury stations direct — clarifying existing arrangements is more productive.

♄ Saturn Rx · ♉ Taurus

Long-term financial structures, material commitments, and patterns of security are under review during this period. What you have been relying on for stability may require more active maintenance than you had assumed. Honest reckoning with resources and long-term obligations is the most useful work you can do right now.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun * Sextile ♃ Neptune

Right now you find it easier to **notice what others need without them having to ask**, and people respond well to this attentiveness. Your practical decisions feel less rigid, and you can hold two opposite ideas at once without getting stuck. This period is good for creative work, counseling conversations, or any situation where you need to read between the lines.
