KEY TRANSIT FACTORS

♂ Mars ☐ Square ☽ natal Moon ★

Right now you are **more irritable than usual**, especially when someone questions your feelings or tells you to calm down. Your emotional reactions feel faster and stronger, and you may say things in anger that you later regret. Over the coming weeks, watch for moments when you're snapping at people close to you over small things that normally wouldn't bother you.

♃ Jupiter ☐ Square ♄ natal Saturn

Right now you're caught between wanting to expand and feeling held back by practical limits. You may **overcommit yourself** and then run into real obstacles that force you to cut back, leaving you frustrated. These next weeks will test whether you can push forward responsibly or if you'll waste energy fighting against real constraints.

♆ Neptune ☐ Quincunx ♁ natal Chiron

While this lasts, you may notice **difficulty separating your own pain from other people's problems**. You feel drawn to help or rescue someone, but the situation stays unclear and drains you without resolution. Over the coming weeks, set practical boundaries about what you can actually do rather than getting pulled into situations that feel emotionally important but ultimately aren't yours to fix.

♆ Neptune ☐ Quincunx ♃ natal Jupiter

Over the coming weeks, you may find that your usual confidence about what's possible gets pulled in different directions, making it hard to commit to plans or decisions. You might notice yourself second-guessing opportunities that normally excite you, or feeling unclear about whether to expand something or hold back. These contradictions are temporary, and the practical thing to do is stay flexible and avoid locking yourself into major commitments while this lasts.

♀ Venus ☐ Quincunx ♆ natal Neptune

Over the coming weeks, you may notice your romantic or social preferences shifting in ways that feel unclear to you. You might find yourself **attracted to people or situations that don't quite fit what you normally want**, leaving you uncertain about what you actually value right now. This confusion usually settles once the transit passes, so it helps to observe your attractions without making major relationship decisions while this lasts.

♃ Jupiter Rx · ♐ Sagittarius

Beliefs, philosophies, and long-held worldviews are under more rigorous self-examination than usual right now. Optimism that has been unquestioned may suddenly reveal its assumptions. This period is genuinely useful for distinguishing between what you believe and what you actually know.

☉ Sun △ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

☉ Sun △ Trine ☽ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

☉ Sun * Sextile ♄ Chiron

Right now you find it easier to talk about things that usually stay hidden, and people respond by listening instead of dismissing you. Your **willingness to admit weakness** actually makes others trust you more because you seem real. This is a good time to ask for help with something you have been carrying alone, because the practical support tends to show up.

* = natal resonance — this transit echoes your birth chart, amplifying its influence

LUNAR DAY

Moon in ♍ Virgo · Day 7 / 30 · Waxing Crescent

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
