KEY DATE

♅ Uranus stations Direct

Uranus turning direct after months backward means **stuck situations finally shift** — delays in tech, contracts, or unusual projects resume their forward motion. What felt **blocked or confusing** about your routines, friendships, or work systems becomes **clearer to act on** now that the planet moves the way it normally does. Most people notice they can **make real changes** instead of just thinking about them, whether that's switching jobs, updating systems, or ending relationships that went nowhere during the retrograde.

KEY TRANSIT FACTORS

♂ Mars ☐ Square ☾ natal Moon ★

Right now you are **more irritable than usual**, especially when someone questions your feelings or tells you to calm down. Your emotional reactions feel faster and stronger, and you may say things in anger that you later regret. Over the coming weeks, watch for moments when you're snapping at people close to you over small things that normally wouldn't bother you.

☉ Sun ♂ Conjunction ☿ Mercury ★

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

♄ Saturn qx Quincunx ☿ natal Mercury

Right now your thinking feels clumsy and slow compared to how you normally operate. You have to work harder to organize your thoughts or explain yourself clearly, even when you know what you mean. This awkward phase lasts a few weeks and usually passes once you stop fighting the slower pace and just accept that communication takes more effort at the moment.

♆ Neptune qx Quincunx ♃ natal Jupiter

Over the coming weeks, you may find that your usual confidence about what's possible gets pulled in different directions, making it hard to commit to plans or decisions. You might notice yourself second-guessing opportunities that normally excite you, or feeling unclear about whether to expand something or hold back. These contradictions are temporary, and the practical thing to do is stay flexible and avoid locking yourself into major commitments while this lasts.

♆ Neptune qx Quincunx ♁ natal Chiron

While this lasts, you may notice **difficulty separating your own pain from other people's problems**. You feel drawn to help or rescue someone, but the situation stays unclear and drains you without resolution. Over the coming weeks, set practical boundaries about what you can actually do rather than getting pulled into situations that feel emotionally important but ultimately aren't yours to fix.

☉ Sun ♂ Conjunction ♁ natal Lilith

Right now you're more willing to say no to things that don't feel right to you, and you're doing it without apology or long explanations. You're noticing where you've been bending yourself to fit other people's expectations, and you're starting to push back on that. This **directness** feels refreshing to you, though it might surprise people who are used to you being more accommodating.

♃ Jupiter Rx · ♏ Scorpio

Expansion in areas involving depth, transformation, and shared resources pauses for honest reassessment right now. Past investments — financial, emotional, or psychological — return to attention and require evaluation. Research and deeper understanding serve you better during this period than new initiatives.

☉ Sun * Sextile ☾ Moon

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

☉ Sun ☿ Quincunx ♃ Jupiter

These days you feel pulled between wanting to take action and doubts about whether you're doing enough, which can leave you **restless and second-guessing your choices**. Your confidence in what you're doing right now doesn't quite match what you think you should be doing, so you might start something and then hesitate or change direction. This mismatch between your actual situation and your sense of what's possible tends to create practical friction rather than clear obstacles.
