KEY TRANSIT FACTORS

☾ Moon ☿ Quincunx ♆ natal Neptune ★

Over the coming weeks, you may find it harder than usual to trust your own feelings or to know what you actually want in a situation. Your mood and your practical needs seem to be pulling in different directions, leaving you **uncertain about which one to follow**. This confusion usually passes once the transit moves on, but while it lasts you might make decisions you later question or feel emotionally scattered without a clear reason why.

♃ Jupiter △ Trine ♄ natal Saturn

You find it easier right now to follow through on plans you've been putting off because **you're motivated without feeling rushed**. Your confidence in what you can actually do grows, so you stop second-guessing yourself and just move forward. Over the coming weeks, this steadiness pays off—projects gain real momentum and you see concrete results.

☾ Moon ☐ Square ♇ natal Pluto

You feel emotionally raw right now, and small frustrations hit harder than they normally do. Your impulse to control situations around you gets stronger, even though pushing usually makes things worse. These days you are likely to pick fights or withdraw completely, so watch for both patterns and try to sit with discomfort instead of acting on it.

♂ Mars ☐ Square ☿ natal Mercury

Right now you're more **quick to argue and interrupt** without thinking through what you're about to say. Your impatience makes it harder to listen, so conversations turn combative when they don't need to be. Over the coming weeks, you'll notice this pattern most at work or with people who challenge your ideas, and stopping to take a breath before you speak will save you real conflicts.

♂ Mars ☐ Square ☉ natal Sun

Right now you're running into **friction between what you want to do and what you actually have the energy for**. People around you might feel your impatience or see you push too hard on small disagreements that normally wouldn't bother you. This restless mood will fade in a few weeks, but for now you need to notice when you're forcing things instead of letting them happen naturally.

☉ Sun * Sextile ♆ natal Neptune

Right now you find it easier to **notice what others need without them having to ask**, and people respond well to this attentiveness. Your practical decisions feel less rigid, and you can hold two opposite ideas at once without getting stuck. This period is good for creative work, counseling conversations, or any situation where you need to read between the lines.

☾ Moon ☐ Square ☿ natal Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

› Moon ∟ Semi sextile ♄ Saturn

These days you find it easier to **talk about practical problems without getting swept up in feelings**. The Moon and Saturn aspect makes emotional conversations feel steadier, so you can say what needs saying without drama. This is a good time to have difficult talks about real things because your head and your heart are working together instead of against each other.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence
