KEY DATE

♃ Jupiter stations Direct

Jupiter turning **direct again** means opportunities and decisions that felt stuck or unclear over the past months can finally move ahead with real momentum. What becomes **clearer now** is whether plans, applications, or deals are actually going to work — delays lift and you get actual answers instead of waiting. **Growth starts moving** in the areas where *Jupiter* sits in your chart, so watch for openings in money, work, relationships, or learning that were on pause during the retrograde.

KEY TRANSIT FACTORS

☾ Moon ☐ Square ♂ natal Mars ★

These days you are **more irritable than usual and quicker to snap at people** over small things. Your emotional state is raw right now, and your usual patience for waiting or compromising has worn thin. Over the coming weeks, you may find yourself picking fights or pushing people away when what you actually need is to slow down and let this restless mood pass.

☾ Moon ∠ Semi sextile ♊ natal NNode

Right now you find it easier to **notice what matters to you without overthinking**, and this clarity helps you make small choices that align with where you actually want to go. Your emotions are lining up with your instincts in a way that feels natural, so you're not fighting yourself as much as usual. Over the coming weeks, this smooth connection between your feelings and your sense of direction can help you take a few practical steps forward without needing to figure everything out first.

♅ Uranus ★ Sextile ♀ natal Venus

Right now you are drawn to people and situations that feel fresh and unpredictable, and this **opens you up to new connections** that break your usual patterns. You might suddenly want to try a different look, spend time with unconventional people, or pursue an interest that surprises you. These shifts feel exciting rather than risky because *Uranus* sextile *Venus* makes change feel natural and aligned with what you actually want.

♃ Jupiter ☐ Square ♁ natal Chiron

Right now your **tendency to overestimate what you can fix** is causing real friction in your relationships and work. You are pushing too hard to solve problems that belong to other people, and they are pulling back or getting annoyed with your interference. Over the coming weeks, you will need to learn where your actual limits are by running into them repeatedly.

♃ Jupiter ☍ Quincunx ♃ natal Jupiter

Right now you are noticing a mismatch between what you want to expand in your life and what actually fits your current situation. You might feel pulled toward a new opportunity or ambition, but something about it does not quite align with your practical reality. Over the coming weeks, the adjustment you need to make will become clearer if you stop pushing and instead listen to what feels genuinely **workable** rather than just exciting.

♂ Mars Rx · ♉ Taurus

Motivation runs slower and more stubborn than usual during this period. Physical energy is inconsistent and the desire to maintain existing routines outweighs any push toward change. Patience with your own pace matters more than forcing output that the body or circumstances are not ready for.

☉ Sun qx Quincunx ♂ Mars

At the moment, you feel driven to act but something keeps pulling your attention in a different direction, making it hard to move forward with any single plan. Your usual way of doing things no longer feels quite right, and you have to keep adjusting your approach as you go. This mismatch between what you want to do and what actually works creates a practical friction that requires patience and small corrections rather than big changes.

☉ Sun △ Trine ♃ Jupiter

Right now you feel **more confident about your abilities** and you're likely to take on tasks you've been putting off. People around you notice your optimism and it spreads, making conversations easier and collaborations feel lighter. This is a practical window where your effort tends to produce visible results, so taking action on something you care about usually pays off.

☉ Sun □ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.
