KEY TRANSIT FACTORS

♁ NNode ☌ Quincunx ☉ natal Sun

These days you feel pulled between what you want to do and what feels like the right thing to do, and the two don't quite line up. You might find yourself **saying yes to commitments that don't actually match your real priorities**, then feeling frustrated when you realize what you've agreed to. Over the coming weeks, the practical answer is to slow down before you commit and check in honestly with yourself about what you actually want.

♆ Neptune ☌ Conjunction ♀ natal Venus

Right now you are **less clear about what you actually want from relationships and attraction**, because *Neptune* is softening the boundaries around your *Venus*. You might find yourself drawn to people or situations that don't match your real values, or you overlook red flags because everything feels romantic and possible. Over the coming weeks, check your choices against what you knew about yourself before this transit started.

♁ NNode ☌ Quincunx ☿ natal Mercury

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

☉ Sun ☐ Square ♆ natal Neptune

Right now you are **harder to pin down** — your priorities shift without warning and you struggle to follow through on what you said you would do. People around you get frustrated because you seem unreliable, when really you are just confused about what you actually want. These weeks are asking you to get clearer about your real goals instead of drifting between vague possibilities.

☉ Sun ☌ Semi sextile ♇ natal Pluto

You find yourself noticing things about yourself that usually stay hidden, and instead of feeling threatened, you feel oddly **clear-headed about your own motivations**. This natural self-awareness means you can make practical changes in your life without drama or resistance. Over the coming weeks, small shifts in how you approach power and control tend to flow easily, leaving you feeling more grounded than before.

☉ Sun ☌ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

› Moon ☐ Square ♃ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

› Moon ☌ Quincunx ♂ Mars

These days you might feel **restless without knowing why**, like your emotions want something your body isn't ready to deliver. Small tasks feel either pointless or urgent depending on your mood, and you could snap at someone over something that wouldn't normally bother you. The mismatch between what you feel like doing and what actually needs doing right now creates a practical friction that's hard to sit with.

LUNAR DAY

Moon in ♑ Capricorn · Day 10 / 30 · First Quarter

Focus narrows toward responsibilities and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.

CLOTHING & JEWELRY
