KEY TRANSIT FACTORS

♃ Jupiter * Sextile ♄ natal Saturn *

Right now you find it easier to **follow through on commitments** without feeling weighed down by them. *Jupiter* is supporting your *Saturn*, which means you can take on real responsibility and actually enjoy the structure instead of resenting it. Over the coming weeks, you'll notice that planning ahead and sticking to deadlines feels less like a burden and more like something that works in your favor.

☾ Moon □ Square ☉ natal Sun

Right now you're feeling **irritable with the people closest to you**, even when they haven't done anything wrong. Your mood swings are making it hard to stick to your normal routines, and small frustrations at work or home feel much bigger than they actually are. These next few days or weeks will test your patience, but once this passes you'll see more clearly what actually bothers you and what doesn't.

☾ Moon □ Square ☿ natal Mercury

Right now your emotions are making it harder to think clearly or communicate what you actually mean. You say things you didn't plan to say, or you misread what others are trying to tell you because you're **reacting from feeling rather than listening**. These next few days or weeks will test your patience with conversations and small decisions until this mood passes.

♄ Saturn * Sextile ♆ natal Neptune

Over the coming weeks, you find it easier to **turn your daydreams into actual plans**. Your imagination stays creative but your practical mind kicks in at the same time, so you can sketch out real steps instead of just feeling inspired. This is a good window to start that project you've been thinking about or to organize something that felt too vague before.

♅ Uranus qx Quincunx ♃ natal Jupiter

Over the coming weeks, you feel restless about plans or beliefs that used to satisfy you, and you may suddenly want to change direction even though you have not finished what you started. Your **impatience with the status quo** makes it hard to stick with practical commitments or long-term goals that require steady effort. The mismatch between your urge for something new and your actual responsibilities can leave you feeling scattered, so it helps to write down what you genuinely want before you act.

☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun □ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

LUNAR DAY

Moon in ♋ Pisces · Day 21 / 30 · Waning Gibbous

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
