## KEY DATE

### ♂ Mars enters ♈ Aries

*Mars* in *Aries* brings **directness and speed** to how people push for what they want, whether at work or in conversations. You'll notice people **act faster** on decisions and speak up more bluntly instead of holding back, which can get things done quickly but also create friction if someone feels steamrolled. In practical terms, this is when **competition heats up** — at the gym, in meetings, on projects — and people have less patience for delays or obstacles.

## KEY TRANSIT FACTORS

### ☾ Moon ☿ Quincunx ♆ natal Neptune ★

Over the coming weeks, you may find it harder than usual to trust your own feelings or to know what you actually want in a situation. Your mood and your practical needs seem to be pulling in different directions, leaving you **uncertain about which one to follow**. This confusion usually passes once the transit moves on, but while it lasts you might make decisions you later question or feel emotionally scattered without a clear reason why.

### ♂ Mars ☿ Quincunx ♄ natal Saturn

Right now you feel caught between wanting to act and needing to hold back, which makes simple tasks feel awkward and **requires extra patience with yourself**. Your timing seems off in practical situations—you push forward when you should wait, or delay when speed matters—and this mismatch can frustrate you. Over the coming weeks, the best approach is to slow down and double-check your plans before moving forward, because your instincts are unreliable during this period.

### ☉ Sun ☐ Square ☾ natal Moon

Right now you feel at odds with what you actually need, making it hard to settle into anything or feel comfortable in your own routine. You might **snap at people who are trying to help you**, or find yourself irritable about small practical things like meals or sleep schedules. Over the coming weeks, this mismatch between what you think you should do and what your body is asking for will push you to pay attention to what you're actually ignoring.

### ♃ Jupiter ∟ Semi sextile ☉ natal Sun

You feel a quiet boost to your confidence right now, making it easier to speak up in situations where you'd normally hold back. People respond well to you at the moment because you come across as genuinely interested and **naturally encouraging**, which opens social and professional doors. This support from *Jupiter* touching your *Sun* lasts a few weeks and works best when you actually say yes to invitations and new opportunities instead of waiting for the perfect moment.

### ☉ Sun ☐ Square ♅ natal Uranus

Right now you feel restless with your usual routines and **resist what you normally accept without question**. You might pick fights with authority figures or suddenly reject plans you agreed to weeks ago, leaving people confused by your sudden change of mind. Over the coming weeks, this friction with the establishment or your own habits will force you to decide what you actually want instead of what you think you should want.

### ☉ Sun ☿ Quincunx ♀ Moon

At the moment, your **emotional needs and practical goals are pulling in different directions**, and this creates a low-level discomfort that's hard to name. You might feel restless or slightly out of sync—your body wants one thing while your mind is focused on something else entirely. This isn't a crisis, but it does mean you'll need to make small adjustments throughout the day to feel more settled.

### ☉ Sun \* Sextile ♃ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

### ♀ Moon ☿ Quincunx ♃ Uranus

At the moment, your emotional needs and your urge to break free from routine are **pulling in opposite directions**, making it hard to know what you actually want. You might feel restless in situations that used to feel safe, or suddenly need independence just when you were settling into something comfortable. These conflicting impulses won't resolve quickly, so expect a few weeks of awkward adjustments as you figure out what needs to change.
