## KEY TRANSIT FACTORS

### ☉ Sun ♂ Conjunction ☿ Mercury ★

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

### ☉ Sun \* Sextile ☿ natal Mercury

Your thinking feels clearer right now, and you find it easier to explain what you actually mean to people around you. Conversations flow naturally without the usual awkwardness, so this is a good time to tackle practical discussions or present ideas at work. This **mental clarity and confidence** won't last forever, so use these weeks to sort through decisions you have been putting off.

### ☾ Moon ☐ Square ♅ natal Uranus

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.

### ☿ Mercury \* Sextile ☉ natal Sun

Your thinking is **clearer and more direct** these days, making it easier to explain what you actually mean to people around you. Conversations flow naturally and you find yourself asking better questions, which helps you understand what others really need from you. This is a good stretch to pitch ideas, write something important, or sort through a practical problem you have been sitting with.

### ☉ Sun \* Sextile ☉ natal Sun

These days you feel **naturally confident in what you're doing**, and people respond well to that straightforward self-assurance. Your practical efforts tend to work out with less friction than usual, whether that's at work, in a project, or in conversations. This calm support from the transiting *Sun* sextile your natal *Sun* won't solve your problems, but it does make you feel capable and willing to tackle them.

### ☾ Moon ☐ Square ☾ natal Moon

Right now your **moods are harder to predict and manage**, making it difficult to know what you'll feel from one hour to the next. People close to you may seem off or demanding in ways that irritate you more than usual, and you might find yourself defensive instead of open. Over the coming weeks, this restless feeling will push you to notice what you actually need emotionally, even if the process feels uncomfortable.

### ☉ Sun ☌ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

### ☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.
