## KEY TRANSIT FACTORS

### ☾ Moon ☐ Square ♁ natal NNode

Right now you feel caught between what you want emotionally and what you know you should be doing with your time. You become **restless and impatient** with routines or commitments that once felt important, which makes it hard to focus on practical tasks. Over the coming weeks, expect friction between your immediate feelings and your longer-term direction until this lunar moment passes.

### ☾ Moon ∠ Semi sextile ♂ natal Mars

You're feeling **quietly more decisive** these days, and small tasks that usually feel tedious become easier to start. Your emotional state and your drive are working together instead of against each other, so you follow through on what matters without the usual inner resistance. This gentle alignment between *Moon* and *Mars* gives you just enough momentum to turn intentions into action over the coming weeks.

### ♁ NNode ☿ Quincunx ♀ natal Venus

Right now you're noticing a mismatch between what you want in relationships and what actually feels right for you. You might say yes to social invitations or romantic gestures while feeling oddly disconnected from them at the same time. Over the coming weeks, pay attention to what your gut is telling you about your connections, because your head and heart aren't quite lined up.

### ☿ Mercury ☐ Square ♀ natal Venus

Right now your words and your feelings are out of sync, so you say things that hurt people you care about without meaning to. You notice **blunt honesty replacing your usual tact**, and conversations that should feel warm come across as cold or critical instead. Over the coming weeks, pay attention to how quickly you speak before checking whether what you're saying matches what you actually feel.

### ☉ Sun ☿ Quincunx ♁ natal NNode

Right now you feel **pulled in two different directions** about what you want to do with your time and energy. Part of you wants to keep doing what's familiar, but another part senses you should be moving toward something new. This awkward feeling usually passes in a couple of weeks, but while it lasts you may second-guess decisions or feel restless about the direction you're heading.

### ☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

### ♿ Mercury ☾ Semi sextile ♀ Venus

These days you find it easier to say what you actually think without hurting people's feelings. Your words come out softer and more **considerate** than usual, which makes conversations feel more natural and pleasant. This is a good time to have difficult talks or ask for something you want, because people are more likely to listen and respond well.

### ♿ Mercury ☾ Semi sextile ♂ Mars

These days your mind works faster than usual and you naturally think about how to get things done instead of getting stuck in overthinking. You find it easy to **say what you mean without being rude**, which means conversations at work or home move forward instead of dragging on. This is a good time to tackle a practical problem or make a decision you have been putting off.
