KEY DATE

♂ Mars enters ♌ Leo

Mars in *Leo* brings **direct, confident action** that people around you will notice right away — you speak up more often, take charge in meetings, and stop waiting for permission to try things. In relationships and at work, this transit **increases competition** and **ego clashes**, so you may find yourself arguing more or wanting credit for what you do. The practical shift is that you'll have real **energy and drive** to finish projects and take risks, but you'll also feel less patient with people who move slowly or don't acknowledge your effort.

KEY TRANSIT FACTORS

☾ Moon ☐ Square ♂ natal Mars ★

These days you are **more irritable than usual and quicker to snap at people** over small things. Your emotional state is raw right now, and your usual patience for waiting or compromising has worn thin. Over the coming weeks, you may find yourself picking fights or pushing people away when what you actually need is to slow down and let this restless mood pass.

♆ Neptune △ Trine ♁ natal Chiron

Over the coming weeks, you find it easier to talk about your past hurts without getting stuck in them. People seem to open up to you more readily because you listen without judgment or trying to fix things. Your **natural compassion** is flowing right now, making this a good time to help others or work through your own emotional wounds with a professional.

♆ Neptune ☐ Opposition ♃ natal Jupiter

Your usual confidence in your own judgment is shaky right now, and you are more likely to **ignore warning signs or minimize real problems** because you want to believe things will work out on their own. Over the coming weeks, your optimism can actually cost you money or damage relationships if you skip practical steps like checking facts, reading contracts, or having honest conversations. The challenge here is to slow down your natural tendency to assume the best and actually verify what people are telling you before you commit.

♅ Uranus ☐ Quincunx ☾ natal Moon

Your emotional needs are shifting in ways that don't quite fit your usual routines, leaving you feeling **restless and out of step with how you normally operate**. You might suddenly want different things from your home life or relationships, but you're not entirely sure what those things are yet. Over the coming weeks, expect some practical awkwardness as you adjust to what you actually need rather than what you thought you needed.

♊ NNode ☐ Conjunction ☾ natal Moon

These days you are drawn to people and situations that feel more emotionally familiar or aligned with who you want to become. You may find yourself **seeking out relationships or groups** that reflect your values more closely, or noticing which connections actually support you. This pull toward authenticity in your social life is likely to last several weeks as the *North Node* activates your *Moon*.

♃ **Jupiter Rx** · ♒ **Aquarius**

Ideas about social progress, collective improvement, and future-oriented goals turn inward during this period. Idealism that has been driving group efforts may need grounding in more concrete assessment. Reviewing rather than promoting your vision of how things could improve serves you better right now.

♄ **Saturn Rx** · ♏ **Scorpio**

Deep psychological structures — the ways you manage power, control, and shared resources — are under quiet but significant review right now. Commitments made at depth, financial obligations, or emotional contracts with others demand careful attention. Unacknowledged patterns of control or avoidance are being surfaced for honest examination.

☉ **Sun** ♂ **Conjunction** ♂ **Mars**

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ **Sun** ♊ **Quincunx** ♆ **Neptune**

These days you might notice a gap between what you're trying to accomplish and what actually feels right to you. Your practical plans can feel oddly disconnected from your gut feelings, leaving you **uncertain about which direction to trust**. This mismatch between doing and feeling tends to make decision-making slower and more confusing than usual.

☉ **Sun** ☐ **Square** ♇ **Pluto**

Right now you feel **pushed to prove yourself** in ways that feel uncomfortable or unnecessary. Everyone around you seems more irritable, defensive, or bent on getting their way without compromise. This period brings out the part of you that resists being told what to do, and small conflicts can quickly turn into power struggles.

LUNAR DAY

Moon in ♏ Scorpio · Day 8 / 30 · First Quarter
