KEY TRANSIT FACTORS

♂ Mars ☌ Conjunction ♁ natal Lilith

Right now you're more **willing to push back against rules that feel unfair**, especially in situations where you've been quiet before. You might argue with authority figures, challenge expectations at work, or speak up about what you actually want instead of going along with what others prefer. This directness can clear the air or create friction depending on how you handle it.

♀ Venus △ Trine ☉ natal Sun

Right now you feel more **comfortable being yourself around others**, and people respond well to that ease. You are more likely to say yes to social invitations and actually enjoy them instead of overthinking beforehand. This period is ideal for smoothing over small rifts in relationships or simply spending time with people who genuinely like you.

♀ Venus △ Trine ☿ natal Mercury

Right now you find it easier to **say what you actually mean** without overthinking or second-guessing yourself. People respond well to your words because you're speaking with warmth and directness at the same time, which makes conversations flow naturally. Over the coming weeks, this is a good window to have the conversations you've been putting off or to pitch ideas you've been sitting with.

♃ Jupiter ☌ Opposition ♇ natal Pluto

You're running into situations where your confidence in yourself collides head-on with other people's resistance or control attempts. **You're more likely to push back against anyone who feels threatening**, which can escalate conflicts that might have stayed small. While this lasts, you'll notice that your usual way of managing power dynamics stops working, and you may feel forced to choose between backing down or fighting harder than you normally would.

♃ Jupiter △ Trine ♆ natal Neptune

Over the coming weeks, you find it easier to **believe in your own ideas** without needing constant proof or reassurance. Your imagination feels more practical right now, and you can turn vague daydreams into actual plans that other people take seriously. This is a good time to pitch something creative or intuitive that you've been sitting on, because people around you are more receptive to what you're offering.

♄ Saturn Rx · ♐ Sagittarius

Beliefs that have been functioning as unexamined rules are being tested for their actual utility right now. Long-term plans based on optimistic assumptions may need grounding in more realistic evaluation. Honest review of what you have committed to — in education, philosophy, or travel — is more productive than continuing forward without looking back.

☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ♌ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun ♊ Quincunx ♅ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.

LUNAR DAY

Moon in ♑ Capricorn · Day 19 / 30 · Full Moon

Focus narrows toward responsibilities and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.
