KEY TRANSIT FACTORS

☾ Moon ☐ Square ♂ natal Mars ★

These days you are **more irritable than usual and quicker to snap at people** over small things. Your emotional state is raw right now, and your usual patience for waiting or compromising has worn thin. Over the coming weeks, you may find yourself picking fights or pushing people away when what you actually need is to slow down and let this restless mood pass.

☾ Moon ☒ Quincunx ♁ natal NNode ★

You feel **slightly out of step with what you normally want to work toward**, as if your immediate emotional needs don't quite match your longer-term direction. This mismatch creates a mild restlessness where you question whether you're on the right track, even though nothing concrete has changed. Over the coming weeks, you'll likely make small practical adjustments to your routine or goals just to reduce the discomfort.

☉ Sun ☌ Conjunction ☿ Mercury ★

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

♁ NNode ☐ Square ♆ natal Neptune

Right now you are drawn to **vague promises and unclear commitments** that later fall apart, leaving you frustrated and mistrustful. Your instinct to believe in people's good intentions keeps colliding with the reality that they have not actually committed to anything concrete. These days the gap between what you hope will happen and what people are actually willing to do feels wider than usual, and it is making you question whether you are naive or whether others are simply evasive.

☿ Mercury ☐ Square ☾ natal Moon

Your thoughts and words are working against your emotional needs right now, so you feel frustrated when you try to explain how you actually feel. You say one thing but mean another, or you second-guess yourself mid-sentence, which makes people misunderstand you or dismiss what matters to you. Over the coming weeks, pay attention to the gap between what you think you should say and what you actually need—because **rushing to explain yourself** will only make the disconnect worse.

♁ NNode ☒ Quincunx ♇ natal Pluto

Over the coming weeks, you may feel pulled in two directions when it comes to control and letting go. You want to move forward in a new direction but find yourself **reluctant to release old patterns** that feel familiar. This discomfort is real, and pushing too hard to change things quickly will only create more friction with yourself.

♄ Saturn Rx · ♐ Sagittarius

Beliefs that have been functioning as unexamined rules are being tested for their actual utility right now. Long-term plans based on optimistic assumptions may need grounding in more realistic evaluation. Honest review of what you have committed to — in education, philosophy, or travel — is more productive than continuing forward without looking back.

☉ Sun □ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun △ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

LUNAR DAY

Moon in ♉ Taurus · Day 22 / 30 · Waning Gibbous

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
