KEY TRANSIT FACTORS

☾ Moon ☐ Square ♂ natal Mars ★

These days you are **more irritable than usual and quicker to snap at people** over small things. Your emotional state is raw right now, and your usual patience for waiting or compromising has worn thin. Over the coming weeks, you may find yourself picking fights or pushing people away when what you actually need is to slow down and let this restless mood pass.

☾ Moon ☒ Quincunx ♊ natal NNode ★

You feel **slightly out of step with what you normally want to work toward**, as if your immediate emotional needs don't quite match your longer-term direction. This mismatch creates a mild restlessness where you question whether you're on the right track, even though nothing concrete has changed. Over the coming weeks, you'll likely make small practical adjustments to your routine or goals just to reduce the discomfort.

♇ Pluto ♂ Conjunction ♅ natal Uranus

You feel a strong urge to break free from situations that feel restrictive, and you may act on this impulse more suddenly than usual. Your tolerance for routine and compromise drops noticeably, making you **impatient with anything that feels like control**. Over the coming weeks, expect tension in relationships or work if others don't understand why you need to change direction so quickly.

♇ Pluto ♂ Opposition ☾ natal Moon

You feel **emotionally raw and defensive** right now, as though people are pushing you in ways that make you want to pull back completely. Your usual comfort sources—routines, familiar people, safe spaces—start to feel suffocating or unreliable, forcing you to ask hard questions about what you actually need. Over the coming weeks, this discomfort can push you toward real change, but only if you stop resisting and start paying attention to what's actually bothering you.

♆ Neptune ☒ Quincunx ♂ natal Mars

Over the coming weeks, you may find your usual drive and confidence feel slightly out of sync with what's actually happening around you. Your instinct to act or push forward keeps bumping up against situations that need a softer touch or more patience than you'd normally give them. **You're more likely to second-guess your own strength**, which can work either way—sometimes holding back saves you trouble, and sometimes it just creates frustration with yourself.

♃ Jupiter Rx · ♉ Taurus

Material growth and financial expansion slow during this period, encouraging a more careful review of resources and values. Over-commitments made in a spirit of optimism may now feel burdensome. Consolidating what you have is more productive now than reaching for more.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun △ Trine ♃ Jupiter

Right now you feel **more confident about your abilities** and you're likely to take on tasks you've been putting off. People around you notice your optimism and it spreads, making conversations easier and collaborations feel lighter. This is a practical window where your effort tends to produce visible results, so taking action on something you care about usually pays off.

☾ Moon □ Square ♿ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

LUNAR DAY

Moon in ♉ Taurus · Day 9 / 30 · First Quarter

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
