KEY DATE

♀ Venus enters ♐ Sagittarius

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

KEY TRANSIT FACTORS

☉ Sun △ Trine ♁ Chiron ★

Right now you find it easier to **talk about what actually happened to you** without getting defensive or ashamed. Your practical ability to understand your own patterns improves, and you can explain your mistakes to others without needing to apologize repeatedly. This makes conversations feel clearer and less emotionally exhausting than usual.

☿ Mercury * Sextile ♊ natal NNode

Right now you find it easier to say what you actually think without overthinking it, and people respond well to your directness. You're naturally **more articulate about your goals and what matters to you**, which helps you connect with others who share your values. Over the coming weeks, conversations that move you forward happen almost by accident, because you're communicating in a way that feels both honest and clear.

♊ NNode □ Square ♁ natal Chiron

Right now you are **bumping up against your own defensive patterns** in social situations and group settings. You feel pulled toward new connections and directions, but old hurts make you hesitant to actually move forward or trust what is emerging. Over the coming weeks, this friction will keep showing you exactly where you protect yourself instead of risking something real.

♊ NNode qx Quincunx ♃ natal Jupiter

Right now you are noticing a mismatch between what you believe will make you happy and what actually does. You keep planning for bigger opportunities or better outcomes, but the details keep shifting in ways that require you to **adjust your expectations repeatedly**. Over the coming weeks, this awkward fit between your hopes and your real circumstances will push you to be more realistic about what you can actually control.

☿ Mercury △ Trine ♂ natal Mars

Your mind works faster than usual right now, and you naturally pick the most direct way to say what you think. You get things done without overthinking because your words and actions line up perfectly. This is a good time to have difficult conversations or push a project forward since you come across as clear and confident.

♀ Venus ∠ Semi sextile ♃ natal Mercury

Over the coming weeks, your conversations flow more easily and people respond well to what you say. You find yourself **speaking with more warmth and genuinely interested in what others think**, which makes them want to talk with you. This natural charm in how you communicate opens doors socially and professionally without you having to force anything.

♂ Mars Rx · II Gemini

Energy scatters across too many directions right now, making sustained effort on a single goal unusually difficult. Arguments or miscommunications can flare up without clear cause, and the frustration of divided attention builds quickly. Choose one or two priorities and protect them from the rest during this period.

☉ Sun ☌ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun * Sextile ♄ Saturn

Right now you find it easier to follow through on what you say you'll do, and people notice you're more reliable than usual. Your practical judgement is sharp, so **you can see what actually needs to happen** instead of getting distracted by what sounds exciting. This is the kind of period where effort pays off directly, so if you've been putting something off, the conditions are there to make real progress without burning yourself out.
