## KEY DATE

### ☉ Sun enters ♋ Pisces

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

## KEY TRANSIT FACTORS

### ☉ Sun ☌ Opposition ♄ natal Saturn

These days you feel **blocked by your own limits**, as if every move requires twice the effort it normally would. Authority figures or rules that you usually accept without thinking suddenly feel like they are in your way, and you may push back harder than makes practical sense. Over the coming weeks, frustration with your own responsibilities will peak, and you'll need to decide whether to work within constraints or exhaust yourself fighting them.

### ♇ Pluto ☌ Square ♄ natal Saturn

You feel **trapped by your own rules** right now, as if the structures you built to keep yourself safe are suddenly too tight. You become more rigid and defensive about how things should be done, pushing back hard against anyone or anything that challenges your system. Over the coming weeks, you will likely experience real friction at work or in relationships because you cannot bend, even when bending would help.

### ♀ Venus ☌ Square ♇ natal Pluto

Right now you may feel drawn into relationships or situations where you want more control than is realistic, and you become frustrated or resentful when you cannot have it. Your **need to dominate or possess** shows up in your romantic life and friendships, creating tension with people who sense your intensity. Over the coming weeks, this pattern will likely push others away unless you notice it and step back from trying to reshape them.

### ♀ Venus ☌ Semi sextile ♆ natal Neptune

Over the coming weeks, you become **more open to what people need from you emotionally**, and you notice others respond better to you because of it. Your usual defenses soften just enough that you can listen without jumping to fix things, which makes conversations feel easier and more natural. This is a good time to deepen connections with people you care about, since you're genuinely present rather than distracted by your own concerns.

### ☉ Sun \* Sextile ☿ natal Mercury

Your thinking feels clearer right now, and you find it easier to explain what you actually mean to people around you. Conversations flow naturally without the usual awkwardness, so this is a good time to tackle practical discussions or present ideas at work. This **mental clarity and confidence** won't last forever, so use these weeks to sort through decisions you have been putting off.

♂ Mars Rx · ♌ Leo

The desire for recognition and creative output is present but blocked or redirected during this period. Ambitions that felt exciting may feel suddenly hollow, or effortful performance yields less response than expected. Reassessing your goals is more honest and productive now than seeking visible results.

☉ Sun ∟ Semi sextile ♅ Uranus

These days you find it easier to **try something different without overthinking it**. Small changes feel natural right now, whether that's taking a new route to work or suggesting a fresh idea in a conversation. This mild alignment between *the Sun* and *Uranus* gives you just enough confidence to break routine without feeling reckless.

☉ Sun ☐ Square ♇ Pluto

Right now you feel **pushed to prove yourself** in ways that feel uncomfortable or unnecessary. Everyone around you seems more irritable, defensive, or bent on getting their way without compromise. This period brings out the part of you that resists being told what to do, and small conflicts can quickly turn into power struggles.

☾ Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

LUNAR DAY

Moon in ♎ Libra · Day 19 / 30 · Waning Gibbous

**The social atmosphere becomes more diplomatic** during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
