## KEY TRANSIT FACTORS

### ♂ Mars ☐ Square ☾ natal Moon ★

Right now you are **more irritable than usual**, especially when someone questions your feelings or tells you to calm down. Your emotional reactions feel faster and stronger, and you may say things in anger that you later regret. Over the coming weeks, watch for moments when you're snapping at people close to you over small things that normally wouldn't bother you.

### ♂ Mars \* Sextile ♊ natal NNode ★

You're finding it easier to take action on things that actually matter to you right now. **You speak up more directly** in conversations and situations where you've normally held back, and people respond well instead of shutting you down. Over the coming weeks, small risks you take—like saying no, trying something new, or standing up for what you want—tend to work out, giving you real momentum toward goals that feel genuinely yours.

### ☾ Moon ☌ Conjunction ♆ natal Neptune

These days you are **more sensitive to what people around you are feeling**, even when they do not say it out loud. Your *Moon* is blending with your *Neptune*, which makes you pick up on subtle moods and unspoken tension in ways that feel almost natural right now. This emotional awareness can help you connect with others, but it also means you may absorb their feelings without realizing it, leaving you drained or confused about what is actually yours.

### ☾ Moon \* Sextile ♇ natal Pluto

Right now you find it easier to talk about things that usually feel too difficult or personal. Your **willingness to be honest** about what you actually feel creates real connection with the people around you. Over the coming weeks, this openness helps you work through old emotional patterns without getting stuck in them.

### ♁ Chiron \* Sextile ♀ natal Venus

Over the coming weeks, you find it easier to talk about what actually matters to you in relationships instead of staying quiet or pretending everything is fine. Your **honesty about your own needs** seems to land better with others right now, and people respond by opening up more too. This natural flow between what you feel and what you say creates real connection without the usual awkwardness or hurt feelings.

### ☉ Sun ☌ Trine ♅ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

☉ Sun ☐ Square ♆ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

☉ Sun ☐ Square ♄ Chiron

Right now you are more aware of your own weak spots and past hurts, which makes it harder to feel confident in what you're doing. You might find yourself **second-guessing your choices** or feeling like you're not good enough, even when you're performing well. This psychological self-doubt is temporary, but it takes real effort to push through it and keep moving forward.
