## KEY TRANSIT FACTORS

### ♂ Mars ☐ Square ☾ natal Moon ★

Right now you are **more irritable than usual**, especially when someone questions your feelings or tells you to calm down. Your emotional reactions feel faster and stronger, and you may say things in anger that you later regret. Over the coming weeks, watch for moments when you're snapping at people close to you over small things that normally wouldn't bother you.

### ♃ Jupiter ★ Sextile ♁ natal Chiron ★

Over the coming weeks, you find it easier to talk about your past difficulties without getting stuck in them. When something painful comes up, you can **acknowledge it and move forward** rather than dwelling on old hurts. This practical shift makes your conversations with friends or a therapist more productive, and you actually feel lighter afterwards.

### ♂ Mars ★ Sextile ♇ natal Pluto

Over the coming weeks, you'll notice you can **push through obstacles without burning out** — your drive feels focused rather than reckless. You're likely tackling something you've been avoiding, whether it's a difficult conversation or a project that requires real commitment. This period gives you the psychological clarity to act on your deeper goals without the usual self-doubt getting in the way.

### ♂ Mars △ Trine ♆ natal Neptune

These days you find it easier to **act on creative ideas** without getting stuck in doubt or overthinking. Your instinct and intuition are working together, so you can move forward on projects that usually feel too vague or risky. Over the coming weeks, this practical confidence in your imagination can produce real results in art, music, writing, or any work that needs both vision and follow-through.

### ♁ NNode ∟ Semi sextile ♀ natal Venus

Right now you find it easier to **say yes to social invitations and connect with people who actually matter to you**. You're noticing that conversations flow more naturally and that you attract people who seem genuinely interested in what you have to offer. These small social wins build a sense that you belong in your own circles again.

### ☿ Mercury Rx • ♑ Capricorn

Professional communications and career-related decisions are prone to misalignment right now. Contracts, applications, or plans that seemed finalized may need revisiting before they are acted on. The careful checking you do now prevents public errors later.

### ♂ Mars Rx • ♌ Leo

The desire for recognition and creative output is present but blocked or redirected during this period. Ambitions that felt exciting may feel suddenly hollow, or effortful performance yields less response than expected. Reassessing your goals is more honest and productive now than seeking visible results.

### ☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

### ☉ Sun ☿ Quincunx ♂ Mars

At the moment, you feel driven to act but something keeps pulling your attention in a different direction, making it hard to move forward with any single plan. Your usual way of doing things no longer feels quite right, and you have to keep adjusting your approach as you go. This mismatch between what you want to do and what actually works creates a practical friction that requires patience and small corrections rather than big changes.

### ☉ Sun \* Sextile ♃ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.
