| ♊ North Node | in | ♎ Libra | 11°07'00" | VIII Rx |
| ♁ Lilith | in | ♊ Gemini | 26°56'07" | V |

KEY TRANSIT FACTORS

☿ Mercury ☿ Quincunx ☾ natal Moon

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♃ Jupiter * Sextile ♀ natal Venus

These days you find it easier to say yes to social invitations and connect with people who matter to you. You feel **naturally generous** with your time and attention, which makes others want to be around you more. This period is ideal for deepening friendships, starting new relationships, or simply enjoying the company you keep without forcing anything.

☿ Mercury ∟ Semi sextile ♁ natal Uranus

Your mind feels sharper at spotting patterns other people miss, and you're more likely to **ask the unconventional questions** that actually move a conversation forward. These days you find it easier to explain your unusual ideas to others because your words just seem to land better. Over the coming weeks, this is a good time to pitch new thinking at work or share perspectives you've been holding back.

☉ Sun ☍ Opposition ♁ natal Chiron

Right now you are more aware than usual of where you feel inadequate or broken, and this awareness can make you defensive or irritable with people close to you. You might **push others away just when you need support most**, or pick fights over small things that actually reflect your own self-doubt. This period asks you to notice this pattern without acting on it, but the discomfort will likely stick around for a few weeks while *the Sun* opposes your *Chiron*.

☉ Sun △ Trine ♃ natal Jupiter

Right now you find it easier to take reasonable risks and see possibilities instead of obstacles in your practical situations. You feel more confident in social settings and people respond well to your **natural optimism**, which makes conversations flow and opportunities show up. This period is ideal for pitching ideas, asking for what you want, or starting something new because your timing feels right and your judgment is solid.

☉ Sun □ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☉ Sun ☿ Quincunx ♁ NNode

At the moment you are noticing a mismatch between what you want to do and what feels like the right direction to move in. You might find yourself **hesitating before making choices** because two parts of you are pulling slightly different ways. This isn't crisis or conflict—just an uncomfortable adjustment where you have to consciously decide which impulse to follow rather than acting on automatic.

☾ Moon △ Trine ♂ Mars

Right now you feel like acting on what matters to you instead of overthinking it. **Your emotions and your willingness to do things are working together**, so a project you've been hesitant about suddenly feels doable. These days small tasks get done faster and conversations feel easier because you're not second-guessing yourself.

LUNAR DAY

Moon in ♊ Gemini · Day 20 / 30 · Waning Gibbous

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Monday · ☾ Moon · Venus in Sagittarius

Monday belongs to the Moon — wear silver, white, or soft green tones. Moonstone or pearl as a pendant or ring amplifies the day's intuitive, nurturing energy.
