KEY TRANSIT FACTORS

☾ Moon ☐ Square ♂ natal Mars ★

These days you are **more irritable than usual and quicker to snap at people** over small things. Your emotional state is raw right now, and your usual patience for waiting or compromising has worn thin. Over the coming weeks, you may find yourself picking fights or pushing people away when what you actually need is to slow down and let this restless mood pass.

♁ NNode qx Quincunx ☾ natal Moon ★

Over the coming weeks, you'll notice your usual emotional comfort habits don't quite work the way they normally do. You might feel pulled toward new social connections or group activities that don't match your typical preference for familiar people, leaving you **restless and slightly off-balance**. The mismatch between what feels safe emotionally and what seems important to pursue socially will gradually push you toward small changes in how you relate to others.

♅ Uranus ☉ Opposition ♀ natal Venus

Right now you feel **restless in your closest relationships** and may push away people you normally rely on. You want more freedom or something completely different from what your partner or friends expect, and this clash makes everything feel tense. Over the coming weeks, familiar patterns in how you connect with others will feel uncomfortable, and you might make sudden changes you later question.

☿ Mercury ∟ Semi sextile ♂ natal Mars

Your thoughts are moving faster than usual right now, and you're picking up on details that normally slip past you. You find yourself more **decisive in conversation**, able to speak up about what you want without overthinking it. This is a good window to tackle practical problems or have direct talks you've been putting off, because your mind and your drive are working together smoothly.

♇ Pluto ☉ Opposition ♂ natal Mars

You feel blocked or thwarted whenever you try to act on what you want right now, as if something invisible is pushing back against your efforts. Your usual confidence in your own power drops, and you second-guess decisions you would normally make without hesitation. Over the coming weeks, you may notice yourself either withdrawing from conflict or pushing harder than usual, both of which drain you more than they move you forward.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ☾ Semi sextile ♀ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.
