KEY TRANSIT FACTORS

☉ Sun ♂ Conjunction ☿ Mercury ★

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

♆ Neptune △ Trine ♂ natal Mars

Right now you find it easier to act on your creative ideas without overthinking or second-guessing yourself. Your usual need to charge ahead gets **softened by intuition**, so you pick up on what others actually need instead of just pushing your own agenda. Over the coming weeks, this blend of confidence and sensitivity means you can get things done while keeping people around you feeling heard.

♆ Neptune ♂ Opposition ♁ natal NNode

While this lasts, you may feel **unclear about which direction to take** in relationships or work, even when you normally have a clear sense of what matters to you. People around you might seem unreliable or send mixed signals, making it hard to know who to trust or what advice to follow. These weeks test your ability to stay grounded in what you actually know about yourself instead of drifting toward whatever feels easiest or most appealing.

♃ Jupiter * Sextile ♁ natal NNode

Over the coming weeks, you find it easier to say yes to opportunities that align with what you actually want to do. You're less hesitant about taking small steps toward goals you've been thinking about, and **people around you tend to be more supportive when you ask for help or feedback**. This isn't about luck—it's that you're acting with more confidence, and others respond to that.

♃ Jupiter △ Trine ♂ natal Mars

Right now you feel **more capable and willing to take action** on things you have been putting off. Your confidence in your own abilities is higher than usual, and you find yourself moving forward without the self-doubt that normally holds you back. Over the coming weeks, this is a good window to start a physical project, sign up for something challenging, or push for what you actually want instead of settling.

♇ Pluto ♂ Opposition ♂ natal Mars

You feel blocked or thwarted whenever you try to act on what you want right now, as if something invisible is pushing back against your efforts. Your usual confidence in your own power drops, and you second-guess decisions you would normally make without hesitation. Over the coming weeks, you may notice yourself either withdrawing from conflict or pushing harder than usual, both of which drain you more than they move you forward.

♿ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

☉ Sun Δ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ♀ Opposition ♁ Uranus

Right now you feel a strong urge to break free from rules or routines that usually work fine, and this creates real friction with people around you. You might act impulsively or reject advice you would normally follow, making **sudden decisions without thinking through the practical consequences**. This period brings frustration because what you want to do conflicts with what actually needs to happen, and ignoring either side leaves you stuck.

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
