KEY TRANSIT FACTORS

♊ NNode ☿ Quincunx ☾ natal Moon · peak 16 Dec ★

Over the coming weeks, you'll notice your usual emotional comfort habits don't quite work the way they normally do. You might feel pulled toward new social connections or group activities that don't match your typical preference for familiar people, leaving you **restless and slightly off-balance**. The mismatch between what feels safe emotionally and what seems important to pursue socially will gradually push you toward small changes in how you relate to others.

♆ Neptune * Sextile ♇ natal Pluto · peak 1 Dec ★

Right now you find it easier to let go of situations that no longer serve you without drama or resistance. You notice you're **releasing old patterns quietly**, almost without effort, because you can see clearly why they needed to change. This period supports practical transformation where you move forward steadily instead of getting stuck in what used to be.

♊ NNode * Sextile ♂ natal Mars · peak 31 Dec ★

You find yourself **taking action on things that matter to you without overthinking**, and people respond well to your straightforward confidence. Over the coming weeks, opportunities show up because you're willing to put yourself forward instead of holding back. Your practical energy right now is contagious, and you're likely to accomplish more by simply doing rather than planning.

☉ Sun ♂ Conjunction ☿ natal Mercury · peak 22 Dec ★

Right now your thinking is sharper and you naturally want to talk more than usual. You find it easier to explain what you mean and people listen better when you speak, which makes **communicating your ideas** feel less effortful. These days your mind moves quickly and you pick up details others miss, though you may jump between topics faster than normal.

☿ Mercury ♂ Conjunction ☉ natal Sun · peak 23 Dec ★

Right now your thinking is clearer than usual, and you find yourself talking more and explaining your ideas without effort. People around you respond better to what you say because you're **more direct and confident in conversation**. These few weeks are a good time to handle emails, meetings, or decisions that need clear communication.

♊ NNode ∟ Semi sextile ♂ natal Uranus · peak 10 Dec

Over the coming weeks, you find it easier to **try new things without overthinking them**, and people around you seem to notice your willingness to experiment. Your practical side stays intact while your curiosity pushes you to take small risks in familiar areas like work routines or social habits. This is a good time to test out ideas you've been sitting on, because you have just enough caution mixed in with your adventurous streak to actually make something of them.

♃ Jupiter ♂ Conjunction ♇ natal Pluto · peak 24 Dec

Right now you are drawn to situations where you can take charge and reshape things that feel stalled or broken. You may push harder than usual to gain control over a project, relationship, or part of your life that frustrates you—and **your determination is real, but you risk overwhelming others or moving too fast**. Over the coming weeks, notice whether you are solving actual problems or simply trying to force change for its own sake.

♃ Jupiter ☿ Quincunx ♃ natal Moon · peak 9 Dec

Over the coming weeks you may feel pulled between wanting more comfort and feeling restless with your current situation. Your emotional needs don't quite match what's actually available to you right now, so you keep adjusting your expectations without getting settled. This **mild discomfort with routine** often pushes you to make small changes in how you manage your home or relationships, even if you're not entirely sure what you want.

♃ Jupiter * Sextile ♃ natal Neptune · peak 23 Dec

Over the coming weeks, you find it easier to **trust your intuition without overthinking**, and this quieter confidence actually helps you make better decisions in practical situations. Your imagination feels less chaotic right now, and you can use creative ideas to solve real problems at work or in your relationships instead of getting lost in them. This is a good window to act on something you've been imagining or planning, because your instincts and your common sense are actually working together.

♃ Jupiter ∟ Semi sextile ♂ natal Uranus · peak 12 Dec

Over the coming weeks, you feel **more willing to try new approaches** without abandoning what already works for you. Small opportunities for practical change show up in your routines, and you have the confidence to test them out. This is a good time to experiment with a new habit or way of doing something because the risk feels manageable and the potential payoff feels real.

♃ Neptune △ Trine ♃ natal Neptune · peak 1 Dec

Your intuition about other people becomes unusually reliable right now, and you find yourself understanding what others need without them having to explain it. You're also more comfortable sitting with uncertainty in practical situations instead of rushing to solve everything immediately. These small shifts make your relationships feel easier and give you permission to trust your gut more than usual.

♃ Neptune □ Square ♂ natal Uranus · peak 31 Dec

You feel torn between wanting to break free from something and being unable to see clearly what needs to change. Your impulse to rebel clashes with confusion about which direction actually makes sense, leaving you **restless and indecisive**. Over the coming weeks, small frustrations can pile up as you second-guess decisions you thought were final.

♃ Neptune □ Square ♃ natal Moon · peak 31 Dec

Your emotional life feels foggy and unreliable these days, making it hard to trust what you actually feel or what others are telling you. You may find yourself **withdrawing from people or losing interest in activities that usually matter to you**, without being able to explain why. Over the coming weeks, your gut instincts are working against you, so it helps to stick to concrete facts and avoid making big decisions based on how you feel right now.

♁ NNode * Sextile ♃ natal Neptune · peak 1 Dec

While this lasts, you find it easier to **trust your instincts about people and situations** without needing to overthink everything. Your imagination and practical sense are working together right now, so you can pick up on what others need without them having to spell it out. These small acts of understanding often lead to real connections that feel less forced and more genuine than usual.

♁ NNode ♂ Conjunction ♃ natal Pluto · peak 1 Dec

You are drawn to situations where you have to confront what you actually want instead of what you think you should want. This period brings moments where your usual ways of handling power and control no longer work, forcing you to make real changes in how you relate to others. Over the coming weeks, you may find yourself saying no to people or situations you would normally tolerate, which feels uncomfortable but also oddly necessary.

** = natal resonance — this transit echoes your birth chart, amplifying its influence*

LUNATIONS

○ Full Moon · Wednesday, 14 Dec

in ♊ Gemini

information peak, scattered focus, mental overload

in H4 — Home & Family

Your home life and emotional foundations are under full illumination. A situation within the family or domestic sphere is reaching a point where **something must be acknowledged, resolved, or released**. Old patterns around belonging, security, or private matters surface with unusual clarity. This full moon often coincides with a change of residence, a family conversation that's been overdue, or a significant shift in how you feel about where you belong.

● New Moon · Thursday, 29 Dec

in ♄ Capricorn

long-term goals, ambition, structural reset

in H12 — Inner Life & Solitude

A new cycle is beginning in the hidden, private areas of your life. This lunation brings **inner work, spiritual renewal, and a clearing of old burdens** to the foreground. What you choose to let go of, process, or release over the coming weeks will free up significant inner resources. Solitude, contemplation, and honest self-examination are more productive than external activity right now. Trust what surfaces from beneath the surface — it's asking to be acknowledged.

KEY DATES

Thu, 1 Dec ♅ Neptune △ Trine ♅ natal Neptune

♅ Neptune ✕ Sextile ♁ natal Pluto

Mon, 5 Dec ☿ Mercury enters ♐ Sagittarius

Mercury in *Sagittarius* brings **direct, blunt communication** — people say what they think without much filtering, which can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice **big-picture talk** taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. *Sagittarius* also pushes curiosity and debate, so **arguments stay friendly** longer than usual, even when people disagree strongly.

Thu, 8 Dec ♀ Venus enters ♐ Sagittarius

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

Mon, 12 Dec ♅ Neptune △ Trine ♅ natal Neptune

Wed, 14 Dec Full Moon in Gemini

Thu, 22 Dec ☼ Sun enters ♄ Capricorn

♄ Chiron stations Direct

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Fri, 23 Dec ♃ Jupiter ✕ Sextile ♅ natal Neptune

Sat, 24 Dec ☿ Mercury enters ♄ Capricorn

♃ Jupiter ♂ Conjunction ♁ natal Pluto

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Mon, 26 Dec ♂ Mars enters ♏ Scorpio

Mars in *Scorpio* brings **sharper focus** and **longer attention span** — people tend to stick with difficult projects instead of jumping between tasks. In relationships and work, you'll notice more **direct confrontation** of problems that were ignored before, which can clear the air but also creates tension if handled carelessly. *Mars* here makes people **dig deeper** into whatever they're doing, whether that's research, fitness routines, or figuring out why something isn't working.

Thu, 29 Dec New Moon in Capricorn
