### KEY TRANSIT FACTORS

#### ♃ Jupiter ☐ Square ☾ natal Moon · peak 4 Mar

Right now you feel **emotionally restless and dissatisfied** with situations that normally comfort you, like time with family or your home routine. You might overcommit yourself or make promises you cannot keep because your judgment about what you can actually handle is off. Over the coming weeks, this mismatch between what you want and what is realistic creates friction in your personal relationships and leaves you feeling bloated rather than nourished.

#### ♄ Saturn ☐ Square ♄ natal Chiron · peak 8 Mar

Right now you are **more aware of your own limitations and past hurts**, which makes it harder to brush them off or move past them quickly. You may feel blocked when trying to help others or do work that normally feels meaningful, because old doubts about your capability are surfacing. Over the coming weeks, facing these uncomfortable feelings directly, rather than avoiding them, is what will actually move you forward.

#### ♃ Jupiter ☐ Square ♅ natal Uranus · peak 1 Mar

You're feeling restless and impatient with your usual routines, and you're more likely to make sudden decisions without thinking through the consequences. **Your need for freedom is clashing with your responsibilities**, making it hard to stick to commitments or plans. Over the coming weeks, you may experience practical disruptions—cancelled plans, unexpected changes, or your own impulsive actions—that force you to rebuild some stability afterward.

#### ♄ Saturn qx Quincunx ♃ natal Jupiter · peak 8 Mar

Over the coming weeks, you feel caught between wanting to expand your plans and a nagging sense that something needs tightening up. You find yourself **second-guessing decisions you would normally make quickly**, asking practical questions about timelines and resources that didn't occur to you before. This mismatch between your optimism and your caution isn't comfortable, but it often leads to better-prepared choices once you sit with the discomfort.

#### ♄ Saturn qx Quincunx ♄ natal Saturn · peak 1 Mar

These days you notice your usual routines feel slightly off balance, as if the structure you rely on no longer fits quite right. You might find yourself **adjusting your approach to work or discipline** more often than usual, catching small inefficiencies you'd overlooked before. This discomfort is temporary and often points to practical changes worth making once this period passes.

#### ♅ Uranus ☉ Opposition ♇ natal Pluto · peak 1 Mar

You're running into situations where you feel your control slipping away, and it makes you uncomfortable. **You push harder to regain power** in exactly the areas where you have the least influence, which only creates more conflict with others. Over the coming weeks, you'll need to notice when you're fighting to keep things the same instead of accepting what you cannot change.

#### ♄ Saturn ∟ Semi sextile ♿ natal Mercury · peak 1 Mar

Your thinking becomes more **organized and deliberate** right now, which makes it easier to plan projects and break down complicated tasks into manageable steps. You find yourself naturally wanting to double-check your work and verify details before moving forward, and this careful approach pays off in fewer mistakes. This steadier mental discipline helps you communicate with more precision, so people understand exactly what you mean without confusion.

#### ♅ Uranus △ Trine ♆ natal Neptune · peak 1 Mar

You're finding it easier right now to **turn your creative ideas into something real**, whether that's art, writing, or a practical project you've been imagining. Your intuition is sharper about what actually works, so you can spot the useful parts of your daydreams and leave the rest behind. Over the coming weeks, you'll notice you're less stuck between fantasy and reality, and more able to build something meaningful from both.

#### ♄ Chiron qx Quincunx ♀ natal Venus · peak 31 Mar

Right now you notice small awkwardness in how you connect with people you care about, as if your usual way of showing affection doesn't quite land the way you expect. You might feel **slightly out of sync with your own preferences**, unsure whether you actually want what you thought you wanted in your relationships. Over the coming weeks, this discomfort is actually useful—it pushes you to adjust how you relate and to notice when you're settling or performing instead of being genuine.

#### ♄ Saturn ∟ Semi sextile ☉ natal Sun · peak 1 Mar

Right now you find it easier to follow through on commitments without burning out, because a quiet steadiness is backing your efforts. Your confidence stays realistic instead of swinging between overconfidence and doubt, which means you make **fewer impulsive decisions** and actually stick to what matters. This is a practical window where showing up consistently—at work, in your relationships, or on personal goals—feels natural and manageable rather than forced.

#### ♃ Jupiter △ Trine ♆ natal Neptune · peak 1 Mar

Over the coming weeks, you find it easier to **believe in your own ideas** without needing constant proof or reassurance. Your imagination feels more practical right now, and you can turn vague daydreams into actual plans that other people take seriously. This is a good time to pitch something creative or intuitive that you've been sitting on, because people around you are more receptive to what you're offering.

#### ♃ Jupiter \* Sextile ♁ natal NNode · peak 31 Mar

Over the coming weeks, you find it easier to say yes to opportunities that align with what you actually want to do. You're less hesitant about taking small steps toward goals you've been thinking about, and **people around you tend to be more supportive when you ask for help or feedback**. This isn't about luck—it's that you're acting with more confidence, and others respond to that.

#### ♅ Pluto qx Quincunx ♀ natal Venus · peak 1 Mar

You feel oddly disconnected from what normally makes you happy, as though your usual pleasures have lost their appeal. Your social or romantic relationships may feel slightly off, making you wonder what has changed when nothing obvious has shifted. Over the coming weeks, you might notice yourself pulling back from people or activities you usually enjoy, until this uncomfortable mismatch eventually settles.

#### ♃ Jupiter ♂ Conjunction ♂ natal Mars · peak 31 Mar

You feel **more confident taking action** on things you've been putting off, and people respond to your directness right now. Your appetite for challenge increases, whether that's physical activity, competitive situations, or just pushing yourself harder at work. Over the coming weeks, watch that you don't overcommit or mistake eagerness for actual readiness, because this boost is temporary.

#### ♃ Jupiter \* Sextile ♇ natal Pluto · peak 1 Mar

You are noticing that **you can actually follow through on changes you've been wanting to make**, whether at work or in your personal life, because your motivation to act is both strong and steady right now. *Jupiter* sextile your natal *Pluto* means you have real leverage to transform something practical — you see what needs to happen and you have the confidence to do it without second-guessing yourself. Over the coming weeks, people around you may pick up on this shift and start treating you differently, which can open doors you didn't expect.

#### ♃ Jupiter Rx · ♌ Leo

Creative confidence and the desire to be seen or celebrated retreat inward during this period. Projects that were expanding boldly may need a quieter phase of consolidation and honest self-review. Evaluating what you are genuinely proud of versus what requires more work is the most honest use of this time.

#### KEY DATES

**Tue, 1 Mar** ♃ Jupiter □ Square ♂ natal Uranus

♁ Uranus ♋ Opposition ♇ natal Pluto

♁ Uranus △ Trine ♆ natal Neptune

**Fri, 4 Mar** ♃ Jupiter □ Square ☾ natal Moon

**Mon, 7 Mar** New Moon in Pisces

**Tue, 8 Mar** ♄ Saturn □ Square ♁ natal Chiron

**Wed, 9 Mar** ♀ Venus enters ♉ Taurus

*Venus* in *Taurus* shifts how people handle money and relationships — you'll notice a **stronger pull toward stability** and less tolerance for drama or sudden changes. In work and friendships, this transit brings a **preference for steady progress** over risky moves, and people tend to stick with what works rather than constantly switch direction. Physical comfort matters more now, so expect **more attention to food, comfort items, and routine pleasures** as people naturally invest in things that feel reliable and good.

**Thu, 10 Mar** ☿ Mercury enters ♈ Aries

*Mercury* in *Aries* makes people **speak more directly** and skip the small talk they normally use. At work or in conversations, you'll notice folks **jump to conclusions faster** and interrupt more often because they want answers now instead of waiting. In practice, this means **quicker decisions** happen in meetings and texts become blunter, which can clear things up fast but also create friction if people aren't ready for that straight talk.

**Mon, 14 Mar** ♃ Jupiter □ Square ☾ natal Moon

**Mon, 21 Mar** ☉ Sun enters ♈ Aries

*Sun* in *Aries* brings **direct energy** that makes people more willing to **speak up** and take action without overthinking. At work and in relationships, you'll notice others become **more competitive** and eager to **push forward** with new projects or ideas, sometimes stepping on toes in the rush. This transit typically lasts about four weeks and leaves people feeling **impatient with delays**, so projects that moved slowly before now either speed up or hit friction with people who want faster results.

**Tue, 22 Mar** Full Moon in Libra

**Thu, 31 Mar** ☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.
