KEY TRANSIT FACTORS

♃ Jupiter ☿ Quincunx ♊ natal NNode · peak 28 Feb

Over the coming weeks, you feel pulled toward new opportunities that don't quite fit your usual pattern, and this creates a practical tension you have to work through. You might say yes to something professionally or socially that requires you to **adapt your approach or learn something new**, even though it feels awkward at first. The mismatch between what you want to try and what comes naturally to you forces you to make a real choice about whether growth is worth the temporary discomfort.

♃ Jupiter ☐ Square ♂ natal Mars · peak 27 Feb

Right now you are more likely to **overcommit and overestimate what you can actually do**, which leaves you frustrated when reality doesn't match your ambition. Your impatience is higher than usual, so small delays or obstacles feel like major blocks, and you may snap at people or push harder than makes sense. Over the coming weeks, learning to slow down and check your assumptions before acting will help you avoid wasting energy on projects that won't actually work out.

♅ Uranus ☿ Quincunx ♀ natal Venus · peak 1 Feb

Right now you feel pulled in opposite directions about what you want from relationships and money. You might suddenly lose interest in something that mattered to you last week, or you find yourself **restless with routines** that used to feel comfortable. These impulses don't last long, but while they're here, you need to sit with the discomfort rather than act on every urge to change things.

♄ Saturn ☐ Square ♂ natal Mars · peak 28 Feb

Right now you're running into delays and resistance whenever you try to push forward on anything. Your usual speed and confidence feel blocked, and you may notice **frustration building because things take twice as long as you expect**. This period is teaching you that forcing your way through doesn't work, though that lesson feels uncomfortable while you're living it.

♄ Saturn ☿ Quincunx ♊ natal NNode · peak 28 Feb

Right now you feel caught between what you're naturally drawn to and what actually works in practice. You notice yourself second-guessing choices that normally feel easy, which creates an awkward gap between your instincts and your actions. This **mismatch between intention and follow-through** will fade once *Saturn* moves past this angle, but while it lasts you benefit from checking your decisions twice rather than trusting your first instinct.

♇ Pluto ☐ Square ♁ natal Chiron · peak 28 Feb

Right now you're bumping up against old wounds that usually stay quiet, and it feels uncomfortable because you can't just ignore them the way you normally do. You might find yourself **overreacting to small slights or feeling defensive** about situations that wouldn't usually bother you. Over the coming weeks, this friction is forcing you to look at how you protect yourself—not to fix everything at once, but to notice where your defenses are actually holding you back from connecting with other people.

♅ Pluto ☾ Semi sextile ♃ natal Jupiter · peak 28 Feb

Over the coming weeks, you feel quietly **more willing to take practical steps toward your goals** without the usual second-guessing. *Pluto* is softly encouraging *Jupiter's* natural optimism, so small efforts you make tend to compound into real progress. This is a good time to act on plans you've been sitting with, because your confidence and follow-through are aligned right now.

♁ NNode ☿ Quincunx ♄ natal Chiron · peak 28 Feb

Over the coming weeks, you may notice that **old insecurities are surfacing in new situations**, especially when you are trying something unfamiliar. You feel aware of your weak spots but also slightly out of sync with how to address them. This mismatch between knowing what bothers you and knowing how to move forward can make practical decisions feel awkward or indirect.

♁ NNode ☐ Square ♃ natal Jupiter · peak 28 Feb

Right now you are **overcommitting to things that seem important but don't actually fit your life**. You feel pulled toward opportunities, promises, and plans that look good on paper but create practical conflicts when you try to follow through. Over the coming weeks, you will hit real consequences from saying yes too much, and you'll have to make uncomfortable choices about what actually matters.

♄ Chiron ☿ Quincunx ☉ natal Sun · peak 1 Feb

While this lasts, you notice a **gap between how you see yourself and what actually works in your life**. You might feel awkward or out of step, as though your usual confidence does not quite fit the situation you are in. Over the coming weeks, small adjustments in how you present yourself or approach tasks will reduce this friction.

♅ Pluto ☽ Semi sextile ♄ natal Saturn · peak 28 Feb

These days you find it easier to **follow through on commitments** without overthinking or second-guessing yourself. A practical focus comes naturally to you right now, and you notice you can break larger goals into manageable steps without getting bogged down. This period supports steady progress on anything you've been putting off, especially projects that require discipline and careful planning.

♆ Neptune ☐ Square ☉ natal Sun · peak 1 Feb

Your usual sense of who you are feels fuzzy and unreliable right now, making it harder to trust your own judgment about what matters to you. You may find yourself **second-guessing decisions** you thought were solid, or feeling pulled toward things that don't actually fit your real goals. This confusion can show up practically as poor timing in work or relationships, since you're not reading situations clearly while *Neptune* squares your *Sun*.

♁ Lilith ♂ Conjunction ♄ natal Chiron · peak 28 Feb

You're becoming more aware of the ways you've learned to protect yourself by staying separate or defensive, and that awareness is making you uncomfortable right now. This period is pushing you to notice how **keeping people at a distance** actually stops you from getting the help or connection you need. Over the coming weeks, you may find yourself caught between your instinct to withdraw and a growing recognition that isolation isn't actually keeping you safe.

♄ Chiron ☿ Quincunx ♃ natal Mercury · peak 1 Feb

Right now you're noticing that your usual way of explaining yourself isn't landing the way it normally does, and it can feel **awkward to adjust how you communicate on the fly**. *Chiron* transiting at an angle to your natal *Mercury* means your thinking patterns are slightly out of sync with what others expect to hear. Over the coming weeks, patience with yourself during conversations will help more than trying to force clarity.

♆ Neptune ☐ Square ♃ natal Mercury · peak 1 Feb

Your thinking feels foggy right now, and you struggle to organize your thoughts into clear sentences or plans. You may say things you don't fully mean, misunderstand what others are telling you, or find yourself **second-guessing decisions** you would normally make quickly. Over the coming weeks, you will need to double-check important information and avoid signing contracts or making commitments until this confusion lifts.

LUNATIONS

○ Full Moon · Tuesday, 11 Feb

in ♌ Leo

recognition, drama, creative culmination

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

● New Moon · Wednesday, 26 Feb

in ♋ Pisces

intuitive reset, release, spiritual renewal

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

KEY DATES

Tue, 4 Feb ♀ Mercury enters ♋ Pisces

Mercury in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

Fri, 7 Feb ♀ Venus enters ♒ Aquarius

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Tue, 11 Feb Full Moon in Leo

Mon, 17 Feb ♀ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Tue, 18 Feb ♂ Mars enters ♑ Capricorn

Mars in *Capricorn* brings **steady focus** to work and long-term goals, so people tend to notice they can **stick with difficult tasks** without burning out or losing patience. In relationships and at work, this transit makes people more **direct and serious** about what they want, which often means fewer complaints and more straightforward conversations about practical problems. Over the next weeks, expect a shift toward **getting results** rather than starting new things—the energy works best on finishing projects and building something that actually lasts.

Wed, 19 Feb ☉ Sun enters ♋ Pisces

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.
