♊ North Node	in ♎ Libra	11°07'00"	VIII Rx
♁ Lilith	in ♊ Gemini	26°56'07"	V

## KEY TRANSIT FACTORS

### ♆ Neptune ☿ Semi sextile ♅ natal Uranus · peak 31 Jan ★

Your **imagination becomes practical** during this period, and ideas that normally stay stuck in your head suddenly feel doable. You find yourself sketching out plans for changes you want to make, whether that's rearranging your space or trying something new at work. This is a good window to turn those creative thoughts into actual steps forward, because right now your daydreams have real traction.

### ♆ Neptune ♀ Quincunx ☾ natal Moon · peak 31 Jan ★

Your emotional needs feel out of step with what's actually happening around you these days, and this mismatch can leave you **restless and slightly dissatisfied** no matter what you're doing. You might find yourself wanting comfort or reassurance that doesn't quite arrive, or feeling emotionally tired without a clear reason why. Over the coming weeks, the practical solution is to check in with yourself about what you actually need right now, rather than waiting for circumstances to shift on their own.

### ♂ Mars ☐ Square ☾ natal Moon · peak 23 Jan ★

Right now you are **more irritable than usual**, especially when someone questions your feelings or tells you to calm down. Your emotional reactions feel faster and stronger, and you may say things in anger that you later regret. Over the coming weeks, watch for moments when you're snapping at people close to you over small things that normally wouldn't bother you.

### ♃ Jupiter ☐ Square ♇ natal Pluto · peak 27 Jan

Right now you're pushing harder on situations that resist you, and the harder you push the more they push back. You're likely **overestimating how much control you actually have** over people or circumstances that operate by their own rules. Over the coming weeks this friction will either force you to step back and accept limits, or exhaust you trying to prove a point that doesn't need proving.

### ♊ NNode △ Trine ♄ natal Saturn · peak 19 Jan

Over the coming weeks, you find it easier to stick with difficult tasks and follow through on commitments without losing motivation. Your natural **ability to be reliable and practical** aligns smoothly with what you actually want to build right now, so responsibilities feel less like obligations. People notice you are more grounded and trustworthy during this period, and that reputation opens doors in work and personal relationships.

### ♊ NNode ♂ Conjunction ♁ natal Chiron · peak 3 Jan

Over the coming weeks, you become **more aware of how you respond when others are struggling or hurt**. You notice yourself wanting to help in ways that feel natural to you, and people actually seem to listen when you do. This isn't about fixing anyone—it's about recognizing where your practical support lands best and feels most genuine.

### ♊ NNNode △ Trine ♃ natal Mercury · peak 30 Jan

These days you find it easier to **say what you actually mean** without overthinking or second-guessing yourself. Your conversations flow more naturally, and people seem to understand you better than usual because you're communicating more clearly and directly. Over the coming weeks, this clarity helps you connect with others on practical matters, whether that's settling a disagreement, explaining something important, or just being heard in a group.

### ♊ NNNode \* Sextile ♃ natal Jupiter · peak 3 Jan

You find it easier to say yes to opportunities that actually align with what you want, rather than forcing yourself into situations that feel wrong. **Your judgment about which invitations and offers are worth your time becomes sharper**, and people respond well when you move toward them with this kind of clarity. Over the coming weeks, you'll likely notice doors opening in areas where you've been quietly hoping for movement, whether that's socially, professionally, or in learning something new.

### ♅ Uranus ♂ Conjunction ♁ natal Lilith · peak 31 Jan

You are less willing to go along with what people expect from you right now, and you may say or do things that surprise people around you. You feel a stronger pull toward your own preferences, even when they break the rules or disappoint others. This shift can create friction in relationships or work, but it also gives you a chance to set clearer boundaries about what you actually want.

### ♃ Jupiter \* Sextile ♅ natal Uranus · peak 20 Jan

You feel more **willing to try new approaches** to problems that have stalled, and practical opportunities show up that wouldn't have occurred to you before. Your natural caution loosens just enough to let you act on ideas you'd normally dismiss as too risky or unconventional. Over the coming weeks, this openness pays off in concrete ways—whether that's a new connection, a different way of working, or simply discovering that change is less frightening than you thought.

### ♃ Jupiter □ Square ♊ natal NNNode · peak 4 Jan

Over the coming weeks, you may feel pulled to take on more than you can reasonably handle, which can frustrate your actual sense of direction. Your **confidence outpaces your judgment**, making you say yes to opportunities that don't fit your real priorities or skills. This misalignment between what you think you should do and what actually works for you creates unnecessary setbacks and wasted effort.

### ♃ Jupiter △ Trine ☾ natal Moon · peak 18 Jan

Right now you find it easier to feel **emotionally settled and optimistic** about your life, even when things aren't perfect. People around you respond to this shift, and you attract more genuine support and kindness without having to ask for it. Over the coming weeks, you're likely to make decisions about your home, family, or personal comfort that actually work out well because you're listening to what you truly need instead of what you think you should want.

### ♃ Jupiter ∟ Semi sextile ♆ natal Neptune · peak 27 Jan

Over the coming weeks, you'll find it easier to **notice small details others miss** and pick up on what people really mean when they talk. Your intuition is quieter than usual but more reliable, so you can trust those gut feelings about situations or other people. This is a good time to act on creative ideas or make sense of something confusing because your mind is unusually clear right now.

### ♃ Jupiter ♁ Quincunx ♂ natal Mars · peak 3 Jan

Over the coming weeks, you may notice your usual drive and confidence don't quite match up with what's actually possible right now, leaving you **frustrated when plans don't move as fast as you want them to**. *Jupiter* is expanding your ambitions while *Mars* pushes for quick action, but the two are pulling in slightly different directions. You might waste energy on projects that start with excitement but need to be adjusted or abandoned halfway through.

### ♇ Pluto △ Trine ♆ natal Neptune · peak 1 Jan

Right now you find it easier to **see through confusion and detect what is actually true in complicated situations**. Your instinct about people and motives sharpens, and you can sense patterns others miss without needing proof. Over the coming weeks this clarity helps you make decisions with more confidence, even when the full picture is not yet visible.

### ♄ Saturn Rx · ♍ Virgo

The systems and routines you rely on for health, work, and daily functioning are being tested for their genuine usefulness right now. Habits maintained out of routine rather than benefit deserve honest evaluation. Small corrections made now to health or work practices tend to produce more durable improvement than sweeping changes.

\* = natal resonance — this transit echoes your birth chart, amplifying its influence

## PROGRESSED MOON

---

- Progressed Moon in ♈ Aries 22.8° H2
- Progressed Moon △ Trine ♀ natal Venus

## LUNATIONS

---

○ Full Moon · Friday, 14 Jan

**in ♋ Cancer**

emotional culmination, family matters, inner needs surface

**in H6 — Health & Service**

A health situation or work matter is coming to a head. Something in your **daily routines, workplace dynamics, or physical wellbeing** can no longer be deferred — it needs attention and resolution. Overwork, health imbalances, or conflicts with colleagues become impossible to ignore under this full moon. This is the moment to address what your body has been signaling, complete a work project, or acknowledge a work dynamic that isn't sustainable.

● New Moon · Saturday, 29 Jan

**in ♒ Aquarius**

innovation, social ideals, future direction

**in H1 — Self & Identity**

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

**KEY DATES**

**Sat, 1 Jan** ♅ Pluto △ Trine ♆ natal Neptune

♅ Pluto ✖ Sextile ♅ natal Pluto

**Mon, 3 Jan** ♁ NNnode ♂ Conjunction ♄ natal Chiron

**Tue, 4 Jan** ♃ Jupiter □ Square ♁ natal NNnode

**Wed, 5 Jan** ♂ Mars enters ♒ Aquarius

*Mars* in *Aquarius* pushes people to **act on ideas** rather than emotions, so you'll notice a shift toward logical problem-solving and less patience for traditional ways of doing things at work or in groups. In relationships and conversations, this transit brings **directness about independence** — people tend to state what they want without softening it, which can feel refreshing or blunt depending on who you're talking to. The pattern is that **group projects and teamwork** become more appealing than solo efforts, even though *Mars* here makes people more willing to disagree with the group if they think something's wrong.

**Thu, 6 Jan** ☿ Mercury enters ♒ Aquarius

*Mercury* in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

**Mon, 10 Jan** ♅ Pluto △ Trine ♆ natal Neptune

**Thu, 13 Jan** ♀ Venus enters ♑ Capricorn

*Venus* in *Capricorn* makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings **direct conversations** about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.

**Fri, 14 Jan** Full Moon in Cancer

**Sun, 16 Jan** ♆ Neptune stations Retrograde

*Neptune* stationing retrograde marks the point where **clarity takes a step back** in the areas it governs — dreams, beliefs, creativity, and what you're willing to believe about yourself or others. During this period, people often notice **confusion returning to situations** they thought were settled, delays in creative projects, or the need to rethink agreements that felt unclear to begin with. *Neptune* retrograde typically brings **reality checks** that strip away wishful thinking, so you may spot where you've been fooling yourself or where someone else's promises don't actually add up.

**Wed, 19 Jan** ♁ NNnode △ Trine ♄ natal Saturn

**Thu, 20 Jan** ☼ Sun enters ♒ Aquarius

♃ Jupiter ✖ Sextile ♅ natal Uranus

*Sun* in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Sun, 23 Jan ☿ Uranus ♂ Conjunction ♁ natal Lilith

Tue, 25 Jan ☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Thu, 27 Jan ♃ Jupiter ☐ Square ♇ natal Pluto

Fri, 28 Jan ♁ NNnode enters ♈ Aries

*North Node* in *Aries* pushes people to **speak up more often** and **make decisions faster** without waiting for permission or consensus. At work and in relationships, you'll notice folks **take action** on things they've been sitting on, even when it's uncomfortable or risky. The shift brings **more direct conflict** and **faster disagreements**, but also means people stop dragging their feet on choices that matter to them.

Sat, 29 Jan 🌑 New Moon in Aquarius

Sun, 30 Jan ♁ NNnode △ Trine ☿ natal Mercury

Mon, 31 Jan ☿ Uranus ♂ Conjunction ♁ natal Lilith
