## KEY TRANSIT FACTORS

## ♆ Neptune \* Sextile ♇ natal Pluto · peak 1 Dec ★

Right now you find it easier to let go of situations that no longer serve you without drama or resistance. You notice you're **releasing old patterns quietly**, almost without effort, because you can see clearly why they needed to change. This period supports practical transformation where you move forward steadily instead of getting stuck in what used to be.

## ♅ Uranus ∠ Semi sextile ♇ natal Pluto · peak 1 Dec ★

Over the coming weeks, you'll notice small opportunities to break free from habits or situations that no longer serve you, without needing to blow everything up. Your instinct for **recognizing when change is necessary** becomes sharper, and you can act on it gradually rather than waiting for a crisis. This is a good time to experiment with new approaches to work or personal projects, because the timing feels naturally right.

## ♅ Uranus ∠ Semi sextile ♆ natal Neptune · peak 1 Dec ★

Your **imagination becomes more practical** during this period, letting you turn vague ideas into actual plans without losing the creative spark. You find yourself spotting small improvements in routines or systems that others miss, and these tweaks often work better than expected. This is a good time to experiment with new approaches to familiar problems because your intuition and logical mind are working together instead of pulling in different directions.

## ♇ Pluto \* Sextile ♆ natal Neptune · peak 1 Dec ★

While this lasts, you find it easier to **see through confusion and spot what's actually real** in situations that usually feel murky to you. Your intuition sharpens without becoming unreliable, so you can trust your gut feelings more than usual. This is a good time to make decisions about things you've been uncertain about, because you're cutting through the fog naturally.

## ♆ Neptune ∠ Semi sextile ♅ natal Uranus · peak 1 Dec ★

Your **imagination becomes practical** during this period, and ideas that normally stay stuck in your head suddenly feel doable. You find yourself sketching out plans for changes you want to make, whether that's rearranging your space or trying something new at work. This is a good window to turn those creative thoughts into actual steps forward, because right now your daydreams have real traction.

## ♆ Neptune ♀ Quincunx ☾ natal Moon · peak 1 Dec ★

Your emotional needs feel out of step with what's actually happening around you these days, and this mismatch can leave you **restless and slightly dissatisfied** no matter what you're doing. You might find yourself wanting comfort or reassurance that doesn't quite arrive, or feeling emotionally tired without a clear reason why. Over the coming weeks, the practical solution is to check in with yourself about what you actually need right now, rather than waiting for circumstances to shift on their own.

#### ♅ Uranus ☿ Opposition ♀ natal Moon · peak 1 Dec ★

Your **emotional habits feel unreliable right now**, and the people close to you notice the shift even if you don't fully understand it yourself. You're more likely to say or do things that surprise your family, and old routines that usually comfort you feel stifling instead. Over the coming weeks, this restlessness will push you to question whether your relationships and domestic life actually work for you, or whether you've just been going along with them.

#### ♇ Pluto ☿ Quincunx ♀ natal Moon · peak 1 Dec ★

These days you feel like your emotions don't quite fit the situation, so you keep adjusting how you respond to people without really understanding why. Your instinct is to **control how much you show of yourself**, which can leave you feeling disconnected even in conversations that matter. Over the coming weeks, noticing this pattern of holding back will help you figure out what you actually need rather than just managing what others might think.

#### ☉ Sun ☿ Conjunction ♀ natal Mercury · peak 22 Dec ★

Right now your thinking is sharper and you naturally want to talk more than usual. You find it easier to explain what you mean and people listen better when you speak, which makes **communicating your ideas** feel less effortful. These days your mind moves quickly and you pick up details others miss, though you may jump between topics faster than normal.

#### ♁ NNode ☐ Square ♀ natal Venus · peak 21 Dec

Right now you are more **critical of your relationships and what you want from them**, and this makes it harder to enjoy the people close to you. You might find yourself questioning whether your partner, friends, or family actually fit what you need, or you push them away before they can disappoint you. Over the coming weeks, this friction can help you get honest about what you will and will not accept from others, but the process feels uncomfortable and isolating while it lasts.

#### ♄ Saturn △ Trine ♀ natal Moon · peak 24 Dec

These days you find it easier to **stay calm when things go wrong**, because you're not getting swept up in panic the way you normally do. Your emotions feel more manageable and you can actually sit with difficult feelings instead of rushing to fix them or push them away. This stability gives you real space to think clearly about what you actually need, and people around you probably notice you're more grounded and reliable right now.

#### ♄ Saturn \* Sextile ♅ natal Uranus · peak 24 Dec

Right now you find it easier to turn your independent ideas into concrete plans that actually work. You can think outside the box without losing sight of what's practical, which means your unconventional solutions get real traction. This is a useful window to **push through changes you've been considering**, because you have both the innovative thinking and the patience to handle the details.

#### ♆ Neptune ☿ Conjunction ♆ natal Neptune · peak 1 Dec

Your sense of what is real and what is imaginary gets softer right now, and you may find yourself **less certain about your own perceptions** than usual. You might notice your boundaries with other people becoming blurry, or you feeling pulled into situations without fully understanding how you got there. Over the coming weeks, your practical judgment works best when you double-check your assumptions and avoid making big commitments based on intuition alone.

#### ♇ Pluto ☿ Conjunction ♇ natal Pluto · peak 1 Dec

You feel **driven to remake something fundamental in your life** — whether that's your work setup, a relationship dynamic, or how you spend your time. This pull is intense and hard to ignore, even if you can't quite explain why you suddenly need things to be different. Over the coming weeks, you'll likely act on these impulses, clearing away what feels dead and rebuilding from scratch.

#### ♃ Jupiter ☿ Conjunction ☿ natal Mars · peak 1 Dec

You feel **more confident taking action** on things you've been putting off, and people respond to your directness right now. Your appetite for challenge increases, whether that's physical activity, competitive situations, or just pushing yourself harder at work. Over the coming weeks, watch that you don't overcommit or mistake eagerness for actual readiness, because this boost is temporary.

#### ♃ Mercury Rx · ♉ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

#### ♃ Jupiter Rx · ♌ Leo

Creative confidence and the desire to be seen or celebrated retreat inward during this period. Projects that were expanding boldly may need a quieter phase of consolidation and honest self-review. Evaluating what you are genuinely proud of versus what requires more work is the most honest use of this time.

#### KEY DATES

**Fri, 1 Dec** New Moon in Sagittarius

**Sun, 10 Dec** ♋ NNode □ Square ♀ natal Venus

**Wed, 13 Dec** ♂ Mars enters ♑ Capricorn

*Mars* in *Capricorn* brings **steady focus** to work and long-term goals, so people tend to notice they can **stick with difficult tasks** without burning out or losing patience. In relationships and at work, this transit makes people more **direct and serious** about what they want, which often means fewer complaints and more straightforward conversations about practical problems. Over the next weeks, expect a shift toward **getting results** rather than starting new things—the energy works best on finishing projects and building something that actually lasts.

**Thu, 14 Dec** Full Moon in Gemini

**Sat, 16 Dec** ♿ Mercury stations Direct

*Mercury* stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

**Sun, 17 Dec** ♄ Saturn △ Trine ☾ natal Moon

**Thu, 21 Dec** ♋ NNode □ Square ♀ natal Venus

**Fri, 22 Dec** ☼ Sun enters ♑ Capricorn

*The Sun* moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

**Sun, 24 Dec** ♄ Saturn △ Trine ☾ natal Moon

♄ Saturn \* Sextile ♂ natal Uranus

**Mon, 25 Dec** ♄ Saturn stations Retrograde

*Saturn* stationing retrograde means **delays and reviews become the pattern** for the next few months in work, responsibilities, and long-term plans. When this planet appears to move backward, people commonly experience **slowdowns in projects, contracts, or official processes** — deadlines shift, approvals take longer, and progress feels stuck even when you're putting in effort. The practical shift is to **focus on fixing past mistakes** and tightening up weak spots in your systems rather than pushing hard for new starts during this time.
