♈ North Node	in ♎ Libra	11°07'00"	VIII Rx
♁ Lilith	in ♊ Gemini	26°56'07"	V

## KEY TRANSIT FACTORS

### ♃ Jupiter ☐ Square ♀ natal Venus · peak 31 Jul

Right now you are **overestimating what others feel about you**, which makes you push harder for approval or affection than is actually welcome. You may spend more money on gifts or experiences hoping to win someone over, or say too much too soon in a new relationship because you feel so confident about the connection. When the other person does not respond with the same enthusiasm, you feel rejected and confused about where things went wrong.

### ♄ Chiron △ Trine ♇ natal Pluto · peak 1 Jul

Over the coming weeks, you find it easier to **talk honestly about difficult things** without getting defensive or shutting down. People respond well to your openness because you're not attacking or blaming them, just saying what actually happened and how it affected you. This period gives you a practical window to repair relationships or clear the air in conversations you've been avoiding.

### ♄ Chiron ♂ Opposition ♆ natal Neptune · peak 1 Jul

Over the coming weeks, you become aware of ways you have been avoiding practical reality by retreating into fantasy or wishful thinking. Your usual escape routes stop working, and you feel **exposed and raw when you cannot slip away into daydreams**. This discomfort is real, but it is also pointing you toward the concrete problems you need to address instead of imagining them away.

### ♄ Saturn ☒ Quincunx ♄ natal Chiron · peak 31 Jul

Over the coming weeks, you may notice that **old wounds or insecurities surface when you face practical limits**—especially around work, deadlines, or things you cannot control. This happens because *Saturn* is making you take a hard look at what you've been managing poorly or avoiding, and it feels uncomfortable. The shift you need is to stop protecting yourself and instead be honest about where you actually need help or training.

### ♄ Saturn ☒ Quincunx ♃ natal Jupiter · peak 31 Jul

Over the coming weeks, you feel caught between wanting to expand your plans and a nagging sense that something needs tightening up. You find yourself **second-guessing decisions you would normally make quickly**, asking practical questions about timelines and resources that didn't occur to you before. This mismatch between your optimism and your caution isn't comfortable, but it often leads to better-prepared choices once you sit with the discomfort.

### ♅ Uranus ♂ Conjunction ♀ natal Venus · peak 1 Jul

You are feeling **restless in your relationships and attractions right now**, wanting something different from what you've had before. Your taste in people or partners may shift suddenly, or you might find yourself drawn to people who are unpredictable or unconventional. This period pushes you to question what you actually want instead of staying comfortable with familiar patterns.

#### ♅ Uranus ✱ Sextile ♃ natal Pluto · peak 31 Jul

Right now you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. *Uranus* is helping you see practical steps forward where *Pluto* usually makes things feel stuck or all-or-nothing. Over the coming weeks, you're more likely to act on improvements in your work, relationships, or routines instead of waiting for a crisis to force your hand.

#### ♆ Neptune △ Trine ♄ natal Chiron · peak 31 Jul

Over the coming weeks, you find it easier to talk about your past hurts without getting stuck in them. People seem to open up to you more readily because you listen without judgment or trying to fix things. Your **natural compassion** is flowing right now, making this a good time to help others or work through your own emotional wounds with a professional.

#### ♆ Neptune ☉ Opposition ♃ natal Jupiter · peak 31 Jul

Your usual confidence in your own judgment is shaky right now, and you are more likely to **ignore warning signs or minimize real problems** because you want to believe things will work out on their own. Over the coming weeks, your optimism can actually cost you money or damage relationships if you skip practical steps like checking facts, reading contracts, or having honest conversations. The challenge here is to slow down your natural tendency to assume the best and actually verify what people are telling you before you commit.

#### ♅ Uranus ♂ Conjunction ♆ natal Neptune · peak 31 Jul

Right now you may find it harder to stick to routines or long-term plans because your thoughts keep shifting between different possibilities. You feel **restless with what's familiar** and want to try new approaches even if you haven't thought them through completely. These days your practical decisions can feel uncertain, so it helps to write things down and check them again before acting.

#### ♄ Chiron ♁ Quincunx ♅ natal Uranus · peak 1 Jul

You feel uncomfortable with your usual ways of doing things, even though you can't quite explain why. These days you notice yourself wanting to break free from routines that normally work for you, which creates **practical friction between your need for stability and your urge to change direction**. Over the coming weeks, small adjustments in how you handle independence or unconventional choices will feel necessary, even if they don't come naturally to you right now.

#### ♄ Chiron ☉ Opposition ♀ natal Venus · peak 31 Jul

You are noticing flaws in people you care about that you usually overlook, and it makes you question whether the relationship is worth the effort. **Your affection feels conditional right now**, and you may withdraw or become critical without meaning to. Over the coming weeks, this friction is forcing you to decide what you actually need from the people in your life instead of just going along with things.

#### ♄ Saturn □ Square ♄ natal Saturn · peak 31 Jul

You feel **blocked and frustrated** by rules and limits that suddenly feel too tight, whether at work or in your own routines. Everything takes longer than it should right now, and you are likely to doubt whether you have what it takes to reach your goals. These feelings are real but temporary, and pushing harder against the resistance usually backfires, so your best move is to slow down and rebuild your structure piece by piece.

#### ♄ Chiron ∟ Semi sextile ☾ natal Moon · peak 1 Jul

These days you find it easier to **talk about your feelings without getting stuck in them**, which helps you connect with people who matter to you. Your emotional vulnerabilities feel less like private wounds and more like honest things worth sharing. Over the coming weeks, this gentle openness tends to draw supportive responses from others, making your relationships feel more real and less lonely.

#### ♁ NNode △ Trine ♀ natal Venus · peak 31 Jul

Right now you find it easier to **say what you actually want in relationships** instead of hiding your needs. People respond well to your honesty because you're not aggressive about it, just clear. Over these coming weeks, you may notice others treating you with more warmth and respect when you show up as your authentic self.

#### ♂ Mars Rx · ♄ Capricorn

Ambition is present but progress feels blocked or slowed in frustrating ways right now. Efforts toward professional goals seem to require more than they return during this period. Reassessing the methods you are using rather than simply increasing effort is the more productive response.

#### ♄ Saturn Rx · ♄ Sagittarius

Beliefs that have been functioning as unexamined rules are being tested for their actual utility right now. Long-term plans based on optimistic assumptions may need grounding in more realistic evaluation. Honest review of what you have committed to — in education, philosophy, or travel — is more productive than continuing forward without looking back.

## LUNATIONS

---

● New Moon · Monday, 7 Jul

in ♋ **Cancer**

emotional reset, home, inner security

in H6 — **Health & Service**

Your daily routines and health habits are ready for a reset. This lunation opens a new cycle around **work, service, and physical wellbeing** — an ideal moment to start a new diet, organize your work environment, or establish habits that will support your energy long-term. Small, consistent changes begun now will compound into significant improvements. Pay attention to your body's signals and don't dismiss minor issues before they develop further.

---

○ Full Moon · Monday, 21 Jul

in ♑ **Capricorn**

career results, ambition tested, authority reviewed

in H1 — **Self & Identity**

Something significant about your identity and self-presentation is coming to a head. A situation that has been developing is now reaching a **turning point involving your confidence, independence, or personal direction**. Others see you clearly now — which can bring recognition but also reveals whatever you've been projecting unconsciously. Decisions made at this peak about how you want to show up in the world will carry lasting weight. Your personal needs deserve to come first.

#### KEY DATES

---

**Tue, 1 Jul** † Chiron △ Trine ♁ natal Pluto

♃ Jupiter □ Square ♀ natal Venus

† Chiron ♂ Opposition ♃ natal Neptune

**Mon, 7 Jul** New Moon in Cancer

**Thu, 10 Jul** ♃ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

**Sat, 12 Jul** ♀ Venus enters ♍ Virgo

*Venus* in *Virgo* makes people **pickier about who and what they spend time on**, noticing small details that matter to them more than before. In relationships and at work, this shift brings **honest feedback** instead of smooth talk—people say what actually needs fixing rather than what sounds nice. Most notice they'd rather **organize their space, fix problems, and do real things** than go out or make grand gestures during this period.

**Sun, 13 Jul** ♃ Jupiter stations Retrograde

*Jupiter* stationing retrograde often brings a **pause in expansion plans** — job offers stall, travel gets delayed, or educational programs require extra paperwork. At work and in finances, this is when you'll notice yourself **reviewing past decisions** rather than pushing forward, and opportunities that seemed certain can shift or require renegotiation. Growth doesn't stop during this period, but it tends to happen **quietly through reflection**, and real progress usually resumes once *Jupiter* turns direct again.

**Tue, 15 Jul** ♁ Pluto stations Direct

When *Pluto* stations direct, **stuck situations finally start to shift** — whether that's a delayed decision at work, a relationship stalemate, or a project waiting for approval. *Pluto* retrograde tends to lock things in place, so you'll notice **momentum returning** and people becoming willing to commit or move forward where they've been hesitant. Over the next few weeks, whatever felt **blocked or unclear becomes easier to see and act on**, though real change still takes time.

**Mon, 21 Jul** Full Moon in Capricorn

**Wed, 23 Jul** ☉ Sun enters ♌ Leo

*The Sun entering Leo* brings a **shift toward more direct self-expression** — people tend to speak up more at work, take on visible roles, and want their efforts noticed rather than working quietly behind the scenes. In relationships and social settings, **confidence and attention-seeking increase**, which can mean more fun and boldness but also more friction if someone feels overshadowed or ignored. Over the next month, most people find themselves **more willing to take charge**, pursue what they actually want, and care less about blending in.

**Thu, 24 Jul** ♃ Mercury enters ♋ Cancer

*Mercury* entering *Cancer* makes people **slower to speak** and more careful about what they say, especially when emotions are involved. In conversations at work or home, you'll notice folks **asking more questions** before jumping to conclusions, and they tend to remember details from past talks that seemed unimportant before. **Written communication** becomes warmer but wordier during this time, so emails and texts often include more personal touches or take longer to compose.
