KEY TRANSIT FACTORS

☿ Mercury ☉ Conjunction ☉ natal Sun · peak 13 Jan ★

Right now your thinking is clearer than usual, and you find yourself talking more and explaining your ideas without effort. People around you respond better to what you say because you're **more direct and confident in conversation**. These few weeks are a good time to handle emails, meetings, or decisions that need clear communication.

♇ Pluto ∟ Semi sextile ☿ natal Mercury · peak 16 Jan

Your thinking becomes **sharper and more direct** while this transit is active, and you find yourself cutting through confusion to get to what actually matters. People respond well to your communication right now because you speak with real conviction and skip the unnecessary parts. Over the coming weeks, you may notice conversations go deeper than usual and that others take your words seriously.

♇ Pluto ∟ Semi sextile ☉ natal Sun · peak 2 Jan

You're finding it easier to make quiet changes in how you present yourself to others without needing to overhaul everything at once. **Small shifts in your confidence** are happening naturally—you might speak up more in meetings or adjust how you spend your time in ways that feel right. These practical adjustments are laying groundwork for bigger things, and you're doing it at a pace that doesn't exhaust you.

♇ Pluto ☿ Quincunx ♄ natal Saturn · peak 31 Jan

These days you feel caught between wanting to keep things stable and being pushed to question whether your usual routines actually work anymore. You might find yourself **rewriting rules you've lived by** or suddenly seeing flaws in systems you've trusted, which creates practical awkwardness as you adjust. Over the coming weeks, this friction between your need for control and pressure to change will likely settle once you accept that some old structures need to be rebuilt differently.

♁ Chiron △ Trine ♆ natal Neptune · peak 31 Jan

While this lasts, you find it easier to **talk about your insecurities without shame**, and people respond with genuine understanding instead of judgment. Your usual defensiveness around emotional mistakes softens, letting you admit what you actually struggle with. This practical honesty tends to deepen your connections with others over the coming weeks.

♁ Chiron ☉ Opposition ♇ natal Pluto · peak 31 Jan

Right now you are **confronting ways you control situations through fear or secrecy**, and it feels uncomfortable because someone or something is forcing you to see what you have been hiding from yourself. You may notice that your usual tactics for managing relationships or power no longer work, leaving you feeling exposed and defensive. These days it is worth sitting with this discomfort instead of retreating into old patterns, because what feels threatening right now is actually showing you where real change needs to happen.

♄ Chiron qx Quincunx ♅ natal Uranus · peak 1 Jan

You feel uncomfortable with your usual ways of doing things, even though you can't quite explain why. These days you notice yourself wanting to break free from routines that normally work for you, which creates **practical friction between your need for stability and your urge to change direction**. Over the coming weeks, small adjustments in how you handle independence or unconventional choices will feel necessary, even if they don't come naturally to you right now.

♁ NNode △ Trine ♀ natal Venus · peak 1 Jan

Right now you find it easier to **say what you actually want in relationships** instead of hiding your needs. People respond well to your honesty because you're not aggressive about it, just clear. Over these coming weeks, you may notice others treating you with more warmth and respect when you show up as your authentic self.

♇ Pluto qx Quincunx ♃ natal Jupiter · peak 31 Jan

Over the coming weeks, you may notice your usual confidence about future plans starts to feel misaligned with what's actually happening around you. You might push harder for something you believe in, only to realize the timing or approach needs a **complete rethink** rather than small adjustments. This period asks you to let go of one strategy and rebuild it from scratch instead of expanding in the direction you expected.

♇ Pluto □ Square ♄ natal Chiron · peak 31 Jan

Right now you're bumping up against old wounds that usually stay quiet, and it feels uncomfortable because you can't just ignore them the way you normally do. You might find yourself **overreacting to small slights or feeling defensive** about situations that wouldn't usually bother you. Over the coming weeks, this friction is forcing you to look at how you protect yourself—not to fix everything at once, but to notice where your defenses are actually holding you back from connecting with other people.

♄ Chiron ∟ Semi sextile ♁ natal Moon · peak 1 Jan

These days you find it easier to **talk about your feelings without getting stuck in them**, which helps you connect with people who matter to you. Your emotional vulnerabilities feel less like private wounds and more like honest things worth sharing. Over the coming weeks, this gentle openness tends to draw supportive responses from others, making your relationships feel more real and less lonely.

♄ Saturn * Sextile ♄ natal Chiron · peak 1 Jan

Over the coming weeks, you find it easier to **talk about things that usually feel too painful or awkward** without getting overwhelmed. Your practical side is more active right now, so you can actually do something about problems instead of just thinking about them. This is a good window to seek help, set boundaries, or take a small step toward fixing something you've been avoiding.

♄ Saturn △ Trine ♃ natal Jupiter · peak 1 Jan

Right now you find it easier to **follow through on what you say you'll do**, and people notice the reliability. Your practical judgment improves, so you can spot the difference between a good opportunity and wishful thinking. Over the coming weeks, this steadiness lets you build something real instead of chasing every new idea that appeals to you.

♅ Uranus qx Quincunx ♀ natal Venus · peak 1 Jan

Right now you feel pulled in opposite directions about what you want from relationships and money. You might suddenly lose interest in something that mattered to you last week, or you find yourself **restless with routines** that used to feel comfortable. These impulses don't last long, but while they're here, you need to sit with the discomfort rather than act on every urge to change things.

♅ Uranus qx Quincunx ♇ natal Pluto · peak 27 Jan

You feel an odd restlessness about situations you thought you had under control, and you're picking up on small details that suddenly seem important. Your impulse is to shake things up or take back power, but the timing never quite feels right, leaving you **frustrated by your own hesitation**. Over the coming weeks, small adjustments to your approach will work better than any dramatic move.

☿ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

* = natal resonance — this transit echoes your birth chart, amplifying its influence

LUNATIONS

● New Moon · Thursday, 11 Jan

in ♄ Capricorn

long-term goals, ambition, structural reset

in H12 — Inner Life & Solitude

A new cycle is beginning in the hidden, private areas of your life. This lunation brings **inner work, spiritual renewal, and a clearing of old burdens** to the foreground. What you choose to let go of, process, or release over the coming weeks will free up significant inner resources. Solitude, contemplation, and honest self-examination are more productive than external activity right now. Trust what surfaces from beneath the surface — it's asking to be acknowledged.

○ Full Moon · Thursday, 25 Jan

in ♌ Leo

recognition, drama, creative culmination

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

KEY DATES

Mon, 1 Jan ♀ NNNode △ Trine ♀ natal Venus

Tue, 2 Jan ♃ Mercury stations Direct

Mercury stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

Fri, 5 Jan ♂ Mars enters ♄ Capricorn

Mars in *Capricorn* brings **steady focus** to work and long-term goals, so people tend to notice they can **stick with difficult tasks** without burning out or losing patience. In relationships and at work, this transit makes people more **direct and serious** about what they want, which often means fewer complaints and more straightforward conversations about practical problems. Over the next weeks, expect a shift toward **getting results** rather than starting new things—the energy works best on finishing projects and building something that actually lasts.

Thu, 11 Jan New Moon in Capricorn

Sun, 14 Jan ♃ Mercury enters ♄ Capricorn

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Sun, 21 Jan ☉ Sun enters ♒ Aquarius

♅ Pluto enters ♒ Aquarius

♄ Chiron △ Trine ♃ natal Neptune

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Tue, 23 Jan ♀ Venus enters ♄ Capricorn

Venus in *Capricorn* makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings **direct conversations** about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.

Thu, 25 Jan Full Moon in Leo

Sat, 27 Jan ♂ Uranus stations Direct

Uranus turning direct after months backward means **stuck situations finally shift** — delays in tech, contracts, or unusual projects resume their forward motion. What felt **blocked or confusing** about your routines, friendships, or work systems becomes **clearer to act on** now that the planet moves the way it normally does. Most people notice they can **make real changes** instead of just thinking about them, whether that's switching jobs, updating systems, or ending

relationships that went nowhere during the retrograde.
