KEY TRANSIT FACTORS

♄ Chiron * Sextile ♃ natal Jupiter · peak 1 Feb ★

You find it easier right now to talk about past disappointments without getting stuck in them. Your natural ability to look forward and find the practical lesson in what went wrong is stronger than usual. Over the coming weeks, this becomes a genuine resource—you can help others see their setbacks as useful information rather than permanent failures.

♄ Chiron △ Trine ☉ natal Sun · peak 1 Feb ★

Over the coming weeks, you find it easier to **talk about your past struggles without shame**, and people respond by listening instead of judging. Your confidence in handling difficult conversations improves naturally, and you notice you can help others through their problems without getting stuck in them yourself. This period gives you a practical window to work through something that has bothered you for a while, and your clarity right now makes the work feel less heavy.

♁ NNode qx Quincunx ♂ natal Mars · peak 28 Feb

Over the coming weeks, you'll notice your usual way of taking action feels slightly off, as if what normally works requires a small adjustment. You might hesitate before speaking up or pushing forward, then suddenly act without your usual preparation, creating an awkward rhythm. This is a good time to notice where you act on instinct versus where you benefit from pausing to check your direction first.

♁ NNode □ Square ♁ natal NNode · peak 27 Feb

Right now you feel pulled in two directions about what you should be doing with your time and energy. You might say yes to commitments that conflict with each other, or feel **restless and unable to settle** on a clear priority. Over the coming weeks, this confusion usually pushes you to make a hard choice about which direction actually matters to you.

♅ Uranus * Sextile ♂ natal Mars · peak 1 Feb

You're finding it easier to take action on ideas that normally feel too risky or unconventional, and this **experimental confidence** is working in your favour right now. Your usual drive to get things done pairs well with a sudden willingness to try new approaches, so you can actually complete projects you've been sitting on. Over the coming weeks, people notice you're more direct and inventive about solving problems instead of relying on the same old methods.

♅ Uranus △ Trine ♁ natal NNode · peak 1 Feb

While this lasts, you find it easier to **break free from old patterns that no longer fit** and try something genuinely new. You feel less afraid of standing out or doing things differently than usual, and others seem to respond well to this shift in you. Over the coming weeks, this confidence in your own direction can open doors you didn't expect.

♇ Pluto ♂ Opposition ♂ natal Mars · peak 28 Feb

You feel blocked or thwarted whenever you try to act on what you want right now, as if something invisible is pushing back against your efforts. Your usual confidence in your own power drops, and you second-guess decisions you would normally make without hesitation. Over the coming weeks, you may notice yourself either withdrawing from conflict or pushing harder than usual, both of which drain you more than they move you forward.

♅ Pluto △ Trine ♃ natal NNode · peak 28 Feb

You're finding it easier to let go of patterns that no longer fit your life, without the usual resistance or drama. **You can make practical changes to your direction** — whether that's in work, relationships, or how you spend your time — and they feel natural rather than forced. These shifts align with what you actually want to become, so you move forward with real conviction instead of second-guessing yourself.

♃ Jupiter * Sextile ☼ natal Sun · peak 10 Feb

These days you feel more **confident in yourself** and people around you seem to notice it too. You're more willing to take on new projects or speak up in situations where you'd normally hold back, and things tend to work out better than expected. This period is ideal for asking for what you want—whether that's at work, in relationships, or for a personal goal—because you're coming across as genuinely assured rather than pushy.

♃ NNode △ Trine ☾ natal Moon · peak 1 Feb

Right now you find it easier to **trust your gut feelings** about what you need, and people around you respond well to this honesty. Your emotional boundaries feel more natural to maintain without effort or guilt. Over the coming weeks, you're likely to make social choices that actually suit you instead of just going along with others.

♃ NNode * Sextile ♃ natal Uranus · peak 1 Feb

Over the coming weeks, you find it easier to **act on unusual ideas without second-guessing yourself**. You spot opportunities to do things differently in practical ways — a new work method, a social connection, or a creative experiment — and you move forward with genuine confidence instead of doubt. This is a good time to test something you've been curious about because your instinct for what actually works feels sharp and reliable right now.

♃ Jupiter * Sextile ☿ natal Mercury · peak 10 Feb

Your mind works faster and more clearly right now, making it easier to see solutions you usually miss. You find yourself **explaining things well** and picking up new information quickly, whether at work or in conversations. This is a practical window to tackle writing projects, learning, or any discussion that matters to you.

♄ Chiron ♂ Conjunction ♄ natal Chiron · peak 1 Feb

Over the coming weeks, you become more aware of the ways you actually help other people, and it feels less forced than usual. You notice yourself giving advice or support without needing recognition, and this **practical generosity** comes naturally right now. At the moment, whatever wound or struggle you've carried tends to feel less raw, which makes it easier to be useful to someone else.

♃ Uranus ∟ Semi sextile ☾ natal Moon · peak 1 Feb

Over the coming weeks, you notice yourself willing to **try new routines without getting attached to them**, which makes daily life feel less rigid. Your emotional responses shift just enough to give you a little breathing room when you'd normally feel stuck in the same reactions. This gentle loosening helps you handle small changes at home or in your personal habits with more ease than usual.

♂ Mars ♁ Quincunx ☾ natal Moon · peak 14 Feb

Over the coming weeks, you may feel **restless in ways that don't match what you actually want to do**. Your emotional needs and your impulse to act keep pulling in different directions, leaving you frustrated or unsure which one to follow. This awkward timing usually passes, but while it lasts you might notice yourself starting things and stopping them, or feeling irritated that people aren't moving at your pace.

● New Moon · Tuesday, 13 Feb

in ♒ Aquarius

innovation, social ideals, future direction

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

○ Full Moon · Wednesday, 28 Feb

in ♍ Virgo

work results, health review, critical peak

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

KEY DATES

Thu, 1 Feb ♀ Venus enters ♒ Aquarius

♅ Uranus ✕ Sextile ♂ natal Mars

♅ Uranus △ Trine ♃ natal NNode

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Sun, 11 Feb ♃ Jupiter stations Retrograde

Jupiter stationing retrograde often brings a **pause in expansion plans** — job offers stall, travel gets delayed, or educational programs require extra paperwork. At work and in finances, this is when you'll notice yourself **reviewing past decisions** rather than pushing forward, and opportunities that seemed certain can shift or require renegotiation. Growth doesn't stop during this period, but it tends to happen **quietly through reflection**, and real progress usually resumes once *Jupiter* turns direct again.

Tue, 13 Feb New Moon in Aquarius

Wed, 14 Feb ☿ Mercury enters ♒ Aquarius

♂ Mars stations Retrograde

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Fri, 16 Feb ♁ Uranus stations Direct

Uranus turning direct after months backward means **stuck situations finally shift** — delays in tech, contracts, or unusual projects resume their forward motion. What felt **blocked or confusing** about your routines, friendships, or work systems becomes **clearer to act on** now that the planet moves the way it normally does. Most people notice they can **make real changes** instead of just thinking about them, whether that's switching jobs, updating systems, or ending relationships that went nowhere during the retrograde.

Sun, 18 Feb ☉ Sun enters ♓ Pisces

♃ NNode □ Square ♃ natal NNode

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Sun, 25 Feb ♀ Venus enters ♓ Pisces

Venus in *Pisces* makes people **softer and more forgiving** in how they treat others, so you might find yourself saying yes to requests you'd normally turn down or letting old arguments go without needing to rehash them. In relationships and work, this transit brings **less direct communication** — people get quieter, drop hints instead of asking straight out, and assume others understand what they want without saying it. *Venus* here also pulls attention toward **feeling appreciated through small gestures** like a text check-in or someone remembering how you take your coffee, rather than big declarations or expensive gifts.
