♊ North Node	in	♑ Capricorn	20°00'39"	XI Rx
♁ Lilith	in	♏ Scorpio	29°03'37"	IX

KEY TRANSIT FACTORS

♀ Venus △ Trine ♂ natal Mars

These days you find it easier to ask for what you want without coming across as aggressive or demanding. Your **natural confidence** is backed by genuine warmth, so people respond well when you take initiative in social or romantic situations. Over the coming weeks, this combination of directness and charm works in your favor, making it simpler to move forward on practical goals while keeping relationships smooth.

♂ Mars ♂ Conjunction ♁ natal Uranus

Right now you feel a sudden urge to break free from routines that have been holding you back, and you're **more willing to take risks and act on impulses** than usual. You might start arguments about rules you've always resented, or suddenly quit something without a backup plan. This restless energy will pass in a few weeks, but while it lasts, the challenge is channeling this drive toward change instead of just creating chaos.

♁ Chiron qx Quincunx ♂ natal Mars

Right now you're noticing that your usual way of pushing forward doesn't feel quite right, and small physical frustrations keep showing up where you'd normally feel confident. Your body might feel slightly off-beat with what your mind wants to do, making you **more aware of how you move and act** than usual. Over the coming weeks, this mismatch between intention and execution can actually help you spot habits that have been holding you back if you pay attention to what feels clunky.

♊ NNode □ Square ♀ natal Venus

Right now you are more **critical of your relationships and what you want from them**, and this makes it harder to enjoy the people close to you. You might find yourself questioning whether your partner, friends, or family actually fit what you need, or you push them away before they can disappoint you. Over the coming weeks, this friction can help you get honest about what you will and will not accept from others, but the process feels uncomfortable and isolating while it lasts.

♂ Mars □ Square ♊ natal NNode

Right now you're running into **friction between what you want to do and what actually serves you**. You feel driven to push forward on things, but people keep pushing back or circumstances keep blocking you, which makes you impatient and irritable. Over the coming weeks, the lesson is that not every impulse deserves action—some conflicts are telling you to slow down and check your direction.

☉ Sun ∠ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun ☿ Quincunx ♃ Neptune

These days you might notice a gap between what you're trying to accomplish and what actually feels right to you. Your practical plans can feel oddly disconnected from your gut feelings, leaving you **uncertain about which direction to trust**. This mismatch between doing and feeling tends to make decision-making slower and more confusing than usual.

LUNAR DAY

Moon in ♊ Gemini · Day 26 / 30 · Last Quarter

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Saturday · ♄ Saturn · Venus in Libra

Saturday is Saturn's domain — dark violet, charcoal, or deep plum reflect discipline and depth. Obsidian or onyx as a grounding stone supports structure and focus.
