KEY TRANSIT FACTORS

♇ Pluto * Sextile ☾ natal Moon

You find it easier right now to talk about what you actually feel instead of keeping things hidden. Your **emotional honesty** comes across as natural and calm, so people listen and respond well. Over the coming weeks, this means conversations with family or close friends become more real and less guarded.

☾ Moon qx Quincunx ♇ natal Pluto

Right now your emotional reactions feel out of step with what's actually happening around you, leaving you confused about what you really want. You might find yourself **obsessing over small details** in conversations or situations, searching for hidden meanings that may not be there. These days it helps to check in with someone you trust before you act on what feels urgent, because your gut instincts are less reliable than usual while this lasts.

♅ Uranus ∟ Semi sextile ♃ natal Jupiter

These days you're picking up on new possibilities that others around you haven't noticed yet, and your **natural optimism makes you willing to try them**. A small opportunity in work or learning might appear suddenly, and you'll have the confidence to act on it without overthinking the risks. Over the coming weeks, this forward momentum helps you feel less stuck in old routines and more curious about what comes next.

♃ Jupiter ☿ Conjunction ☿ natal Mercury

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

♂ Mars ☐ Square ☿ natal Mercury

Right now you're more **quick to argue and interrupt** without thinking through what you're about to say. Your impatience makes it harder to listen, so conversations turn combative when they don't need to be. Over the coming weeks, you'll notice this pattern most at work or with people who challenge your ideas, and stopping to take a breath before you speak will save you real conflicts.

☉ Sun * Sextile ♆ Neptune

Right now you find it easier to **notice what others need without them having to ask**, and people respond well to this attentiveness. Your practical decisions feel less rigid, and you can hold two opposite ideas at once without getting stuck. This period is good for creative work, counseling conversations, or any situation where you need to read between the lines.

› Moon ☾ Opposition ♀ Venus

At the moment, you feel disconnected from what usually makes you happy, and this can push you toward picking fights or withdrawing from people you care about. Your emotional needs and what others want from you are pulling in opposite directions, so small frustrations in relationships tend to blow up. This friction is real—use it to notice where you are actually unhappy rather than blaming the other person.

› Moon △ Trine ♄ Saturn

These days your **emotions feel steady and reliable** instead of all over the place. You can handle practical problems without getting upset, and people around you notice you're calmer than usual. This is a good time to sort out real issues because your feelings aren't getting in the way of clear thinking.

LUNAR DAY

Moon in ♋ Pisces · Day 11 / 30 · First Quarter

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
