KEY TRANSIT FACTORS

♃ Jupiter ☾ Semi sextile ♆ natal Neptune ★

Over the coming weeks, you'll find it easier to **notice small details others miss** and pick up on what people really mean when they talk. Your intuition is quieter than usual but more reliable, so you can trust those gut feelings about situations or other people. This is a good time to act on creative ideas or make sense of something confusing because your mind is unusually clear right now.

☾ Moon ☐ Square ♇ natal Pluto ★

You feel emotionally raw right now, and small frustrations hit harder than they normally do. Your impulse to control situations around you gets stronger, even though pushing usually makes things worse. These days you are likely to pick fights or withdraw completely, so watch for both patterns and try to sit with discomfort instead of acting on it.

♁ NNode ☿ Quincunx ☾ natal Moon

Over the coming weeks, you'll notice your usual emotional comfort habits don't quite work the way they normally do. You might feel pulled toward new social connections or group activities that don't match your typical preference for familiar people, leaving you **restless and slightly off-balance**. The mismatch between what feels safe emotionally and what seems important to pursue socially will gradually push you toward small changes in how you relate to others.

♃ Jupiter ☿ Conjunction ♃ natal Jupiter

Over the coming weeks, you're likely to feel **more confident in your own judgment** and less interested in playing it safe. You may take on bigger projects, spend more freely, or expand your social circle without the usual second-guessing. This is when luck tends to favour people who actually move forward instead of waiting, so your timing for starting something new is genuinely better right now.

☾ Moon ☿ Opposition ♃ natal Jupiter

Right now you are **overestimating what you can handle**, and your emotions are pushing you to say yes to things you should refuse. Your mood swings between optimism and disappointment as reality fails to match the promises you made to yourself or others. Over the coming weeks, you'll need to watch your impulse to spend money, make big plans, or commit to too many social obligations while your judgment is temporarily unreliable.

☉ Sun ☿ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

› Moon ☾ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.

LUNAR DAY

Moon in ♋ Cancer · Day 21 / 30 · Waning Gibbous

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
