KEY TRANSIT FACTORS

☿ Mercury * Sextile ♂ natal Mars

These days you find it easier to say what you actually want without overthinking it, and people respond well to your directness. Your mind is **quick and purposeful**, so tasks that normally feel scattered come together faster when you tackle them head-on. This is a good window to pitch ideas, negotiate, or take action on something you've been planning.

♁ Chiron ♂ Conjunction ♀ natal Venus

You are more aware right now of where you give too much in relationships and what you actually need in return. This clarity can feel uncomfortable because you start noticing **patterns you have ignored** — unequal effort, one-sided emotional support, or your own reluctance to ask for what matters to you. Over these weeks, you have a real chance to address what has not been working, though doing so will require you to speak up instead of staying comfortable.

♂ Mars ♂ Conjunction ♃ natal Jupiter

You feel **more confident taking action** on things you have been thinking about for weeks. Your appetite for challenges grows right now, and you are willing to push harder than usual at work or in personal projects. Over the coming weeks, watch that you don't overcommit or say yes to everything just because you feel capable of doing it.

☾ Moon ☐ Square ♁ natal Chiron

Right now your **emotional defences are getting poked**, and old hurts you thought you'd buried are coming back up. You're more irritable than usual and quicker to feel rejected, especially in conversations where someone disagrees with you or doesn't give you the reaction you wanted. These feelings will pass in a few days or weeks, but while this lasts you'll need to notice when you're snapping at people over small things instead of addressing what's actually bothering you underneath.

☉ Sun ∟ Semi sextile ☉ natal Sun

You're finding it easier to **speak up about what matters to you** without the usual doubt holding you back. People around you respond well to this quieter confidence, and small wins follow naturally. This supportive influence from *Sun* semi-sextile your natal *Sun* lasts a few weeks and gives you a gentle boost in recognizing your own value.

☉ Sun qx Quincunx ☾ Moon

At the moment, your **emotional needs and practical goals are pulling in different directions**, and this creates a low-level discomfort that's hard to name. You might feel restless or slightly out of sync—your body wants one thing while your mind is focused on something else entirely. This isn't a crisis, but it does mean you'll need to make small adjustments throughout the day to feel more settled.

☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

LUNAR DAY

Moon in ♋ Cancer · Day 17 / 30 · Full Moon

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
