KEY TRANSIT FACTORS

♄ Saturn qx Quincunx ☉ natal Sun ★

Right now you feel **slightly out of sync with your own plans**, as if the effort you put in doesn't quite match what actually happens. *Saturn* is creating friction with your *Sun*, making you notice where you've been overcommitting or underestimating what tasks really take. These days you're more likely to step back and question whether you're spending your time and energy on things that actually matter to you.

♄ Chiron ♂ Conjunction ♂ natal Mars

Right now you're noticing where you push too hard or hold back too much when you act. You might feel frustrated with yourself for either charging ahead without thinking or for being too cautious, and this **self-awareness about your own aggression** is temporary but useful. Over the coming weeks, pay attention to how you actually handle conflict or physical effort instead of assuming you know what you'll do.

♇ Pluto ♂ Conjunction ♆ natal Neptune

You may find yourself **questioning beliefs or systems you've relied on** right now, as your usual sense of certainty starts to feel thin. What used to comfort you — a routine, a relationship dynamic, a way of thinking — can suddenly look hollow or false from your perspective. This confusion is uncomfortable but honest, and it typically clears once *Pluto* moves past your *Neptune*.

♆ Neptune ∟ Semi sextile ☾ natal Moon

These days you notice **softer feelings** about situations that normally upset you, making it easier to let minor annoyances pass without reaction. Your emotional responses feel less sharp while *Neptune* supports your *Moon*, and you find yourself more willing to give people the benefit of the doubt. This period is good for noticing what actually matters to you emotionally rather than defaulting to old defensive patterns.

♇ Pluto * Sextile ♇ natal Pluto

You find it easier right now to **let go of situations that no longer serve you** without drama or regret. *Pluto* transiting in *sextile* to your natal *Pluto* gives you psychological permission to close chapters cleanly and move forward. Over the coming weeks you may notice you're making practical decisions about what stays and what goes with unusual clarity and calm.

☉ Sun Δ Trine ♂ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

› Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

› Moon ♂ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.

LUNAR DAY

Moon in ♋ Pisces · Day 24 / 30 · Last Quarter

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
