KEY TRANSIT FACTORS

♆ Neptune ∠ Semi sextile ♃ natal Jupiter ★

These days you feel more **open to possibility** than usual, and small opportunities seem to appear without you forcing them. You might notice that people respond better when you speak from genuine feeling rather than trying to convince them with logic. Over the coming weeks, this softer approach often leads to unexpected support or connections that feel genuinely helpful.

♇ Pluto ♂ Conjunction ♃ natal Mercury

Right now you're thinking much more carefully about what you say and believe, and you may question ideas that once seemed obvious to you. Conversations become **more intense and searching** because you're not satisfied with surface-level answers anymore. Over the coming weeks, expect to revise how you communicate or what you're willing to talk about openly.

♆ Neptune * Sextile ♆ natal Neptune

You find it easier right now to **notice patterns in your own thinking** without getting caught up in them. Your intuition about what people need from you becomes clearer, and you can offer support without losing yourself in their problems. Over the coming weeks, this practical clarity about emotional situations helps you make better choices about who and what deserves your time.

♂ Mars * Sextile ♃ natal Jupiter

You feel **more willing to take action on plans you've been thinking about**, and your confidence in your own judgment is higher than usual. Your efforts tend to pay off more easily during this period, and people around you respond well to your directness and enthusiasm. This is a practical time to push forward with work goals or personal projects that need momentum.

♃ Mercury □ Square ☾ natal Moon

Your thoughts and words are working against your emotional needs right now, so you feel frustrated when you try to explain how you actually feel. You say one thing but mean another, or you second-guess yourself mid-sentence, which makes people misunderstand you or dismiss what matters to you. Over the coming weeks, pay attention to the gap between what you think you should say and what you actually need—because **rushing to explain yourself** will only make the disconnect worse.

♂ Mars Rx · ♏ Scorpio

Intense, driven energy is available right now but often feels blocked or turned inward. Old resentments, power struggles, or buried ambitions resurface and demand honest acknowledgment. This period supports deep investigative work but makes impulsive confrontations more harmful than productive.

☉ Sun ∠ Semi sextile ♃ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

› Moon ∟ Semi sextile ♃ Jupiter

These days you feel a bit more generous with yourself and others, which makes social situations feel easier and less forced. You're noticing small good things around you more readily, and this **gentle optimism** makes it simpler to ask for help or offer support without overthinking it. The *Moon* and *Jupiter* connection right now creates a quiet permission to be a little kinder to yourself about your limitations.

› Moon □ Square ♅ Uranus

These days you feel restless and want to break free from routines that suddenly feel suffocating, even if they were fine yesterday. Your **mood swings unpredictably** and you push away people who try to comfort you or offer practical help. While this lasts, small emotional disappointments hit harder than usual, and you may snap at others or make sudden changes you regret later.

LUNAR DAY

Moon in ♉ Taurus · Day 2 / 30 · New Moon

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
