KEY TRANSIT FACTORS

☾ Moon ☐ Square ♀ natal Venus

Right now you feel emotionally out of step with the people closest to you, making it hard to enjoy their company or feel appreciated by them. You may pick fights over small things or withdraw when you normally would reach out, leaving relationships feeling **strained and disconnected**. These days your mood swings can make you seem ungrateful or cold, even when that is not what you intend.

♀ Venus ∠ Semi sextile ♁ natal Uranus

While this lasts, you feel more comfortable being yourself around people instead of playing a role. You might suddenly be drawn to friends or partners who actually get your quirks rather than those who want you to fit in. This small shift gives you permission to relax and enjoy connections where you don't have to pretend.

♁ Chiron ☌ Conjunction ☿ natal Mercury

Right now you're noticing gaps in how you explain yourself to others, and conversations feel more awkward than usual. You're becoming **unusually aware of old patterns in the way you think and talk** — like repeated phrases or habits that never quite land. Over the coming weeks, this awareness can help you communicate more clearly if you slow down and listen to yourself first.

♄ Saturn ☌ Quincunx ☿ natal Mercury

Right now your thinking feels clumsy and slow compared to how you normally operate. You have to work harder to organize your thoughts or explain yourself clearly, even when you know what you mean. This awkward phase lasts a few weeks and usually passes once you stop fighting the slower pace and just accept that communication takes more effort at the moment.

☿ Mercury ∠ Semi sextile ☉ natal Sun

Right now your thinking becomes **clearer and more practical**, making it easier to solve small problems without getting tangled up in details. You notice yourself communicating more directly with people around you, which helps conversations flow better and cuts down on misunderstandings. Over the coming weeks, this mental clarity gives you a quiet confidence to handle tasks you've been putting off or thinking about too much.

♄ Saturn Rx · ☌ Taurus

Long-term financial structures, material commitments, and patterns of security are under review during this period. What you have been relying on for stability may require more active maintenance than you had assumed. Honest reckoning with resources and long-term obligations is the most useful work you can do right now.

☉ Sun ∠ Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

☉ Sun ☿ Quincunx ♁ NNode

At the moment you are noticing a mismatch between what you want to do and what feels like the right direction to move in. You might find yourself **hesitating before making choices** because two parts of you are pulling slightly different ways. This isn't crisis or conflict—just an uncomfortable adjustment where you have to consciously decide which impulse to follow rather than acting on automatic.

☾ Moon * Sextile ♄ Saturn

These days you find it easier to **stick to what matters** and ignore what doesn't. Your emotional reactions are quieter and more measured, which means you can actually listen to people instead of just reacting. This period gives you the practical steadiness to follow through on commitments without needing constant reassurance.

LUNAR DAY

Moon in ♋ Cancer · Day 16 / 30 · Full Moon

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
