KEY TRANSIT FACTORS

♂ Mars * Sextile ♁ natal Chiron

Over the coming weeks, you find it easier to **talk directly about past hurts without getting defensive**. You have more patience for difficult conversations and can explain what went wrong without blaming yourself or others. This is a good time to address old wounds with people you care about because your words land differently right now.

♇ Pluto ☌ Opposition ♄ natal Saturn

You're running into **hard limits on what you can control** right now, and it feels frustrating because the rules keep changing. Your usual strategies for staying organized and on top of things stop working, forcing you to admit where you've been rigid or out of touch with reality. Over the coming weeks, this friction between what you thought was solid and what's actually true will push you to rebuild your approach to work, responsibility, and how you manage your time.

☿ Mercury ☌ Quincunx ♀ natal Venus

Over the coming weeks, you may find it harder than usual to say what you actually want in conversations with people you care about. Your words come out awkwardly or you second-guess yourself mid-sentence, leaving you feeling **disconnected from how you're expressing affection or appreciation**. This mismatch between what you mean and what lands will likely fade once this period passes, so small clarifications now can prevent unnecessary confusion.

♁ Chiron * Sextile ☉ natal Sun

Right now you are more willing to **talk honestly about your mistakes and learn from them** without getting defensive or ashamed. This period gives you the practical ability to see where you have struggled and turn that into useful knowledge about yourself. Over the coming weeks, people around you will notice you handle feedback better and recover faster from setbacks.

♃ Jupiter ☌ Trine ☿ natal Mercury

Right now your thinking is clearer than usual and you find it easier to explain what you mean to other people. You're picking up on details and patterns you normally miss, which helps you solve problems faster and make better decisions in practical situations. This is a good time to write, teach, negotiate, or learn something new because your mind is working **with less friction** and your words land better with others.

☿ Mercury Rx · ♉ Taurus

Mental processes slow noticeably and a stubbornness in thinking makes it harder than usual to change your mind. These days you may return to financial decisions, possessions, or value-related questions that seemed settled. Take your time — the careful review you do now will save costly corrections later.

☉ Sun ☌ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☌ Semi sextile ♄ Saturn

These days you find it easier to stick with practical commitments without feeling weighed down by them. **You can be disciplined and follow through** on plans while still enjoying the process instead of resenting it. The light touch between *Sun* and *Saturn* means your natural confidence supports your ability to work steadily toward real goals.

☾ Moon ☍ Opposition ☿ Mercury

Right now your feelings and your thoughts are pulling in different directions, which makes it hard to say what you actually mean. You might feel upset about something but explain it in a way that sounds cold or defensive, so people don't understand what's really bothering you. This mismatch between what you feel and what you say creates **confusion in conversations**, and you'll likely need to circle back later to clear things up.

LUNAR DAY

Moon in ♏ Scorpio · Day 15 / 30 · Waxing Gibbous

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
