KEY TRANSIT FACTORS

♆ Neptune ☐ Square ☉ natal Sun

Your usual sense of who you are feels fuzzy and unreliable right now, making it harder to trust your own judgment about what matters to you. You may find yourself **second-guessing decisions** you thought were solid, or feeling pulled toward things that don't actually fit your real goals. This confusion can show up practically as poor timing in work or relationships, since you're not reading situations clearly while *Neptune* squares your *Sun*.

♊ NNode ☉ Opposition ♅ natal Uranus

Right now you are caught between wanting to rebel against your routine and feeling pressure to stick with what works, which creates real friction in your decisions. **You swing between sudden urges to change direction and anxiety about losing stability**, making it hard to commit to anything. Over the coming weeks, people around you may find you unpredictable or erratic, because you genuinely do not know which version of yourself will show up.

☾ Moon ☐ Square ♂ natal Mars

These days you are **more irritable than usual and quicker to snap at people** over small things. Your emotional state is raw right now, and your usual patience for waiting or compromising has worn thin. Over the coming weeks, you may find yourself picking fights or pushing people away when what you actually need is to slow down and let this restless mood pass.

☉ Sun ☒ Quincunx ♃ natal Jupiter

While this lasts, you feel pulled between wanting to take action on your plans and feeling uncertain whether you're ready. Your confidence and your sense of what's realistic don't quite line up, so you end up second-guessing decisions you normally make without much thought. The practical move right now is to slow down and **check your assumptions** before you commit to anything big.

♂ Mars ☐ Square ♄ natal Saturn

Right now you feel **blocked and frustrated** when you try to move forward on anything that matters to you. You push hard, but something keeps pushing back — maybe it's a person, a rule, or just bad timing — and the harder you try, the more stuck you feel. Over the coming weeks, you'll have to learn to work within limits instead of against them, or you'll burn yourself out for no gain.

♃ Jupiter Rx · ♎ Libra

The growth of partnerships and social connections pauses for internal review during this period. Beliefs about fairness, collaboration, and what constitutes a good agreement are being quietly re-examined. Clarifying what you genuinely want from close relationships matters more right now than what seems reasonable on the surface.

☉ Sun ☱ Trine ♃ Jupiter

Right now you feel **more confident about your abilities** and you're likely to take on tasks you've been putting off. People around you notice your optimism and it spreads, making conversations easier and collaborations feel lighter. This is a practical window where your effort tends to produce visible results, so taking action on something you care about usually pays off.

☉ Sun ☐ Square ☿ Uranus

Right now you are more **restless and impatient with routine**, which makes it harder to stick to normal responsibilities or follow through on what you started. You want to break free from constraints, but the practical world does not cooperate, so you feel trapped between what you want to do and what you have to do. This psychological friction can push you toward reckless decisions if you do not find a safe outlet for the urge to rebel.

☉ Sun △ Trine ♄ Chiron

Right now you find it easier to **talk about what actually happened to you** without getting defensive or ashamed. Your practical ability to understand your own patterns improves, and you can explain your mistakes to others without needing to apologize repeatedly. This makes conversations feel clearer and less emotionally exhausting than usual.

LUNAR DAY

Moon in ♑ Capricorn · Day 19 / 30 · Waning Gibbous

Focus narrows toward responsibilities and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.
