KEY TRANSIT FACTORS

♀ Venus ☌ Opposition ☉ natal Sun

Right now you are more critical of yourself and less comfortable being the centre of attention. You may notice you're **withdrawing from social situations** or feeling like you don't measure up to others around you. This period can feel isolating, but it's actually showing you where your confidence needs real work rather than external validation.

♁ Lilith ♂ Conjunction ♆ natal Neptune

These days you're more drawn to people and situations that feel emotionally intense or slightly forbidden, and you may **ignore practical warning signs** because the pull feels meaningful to you. Your usual ability to see through manipulation or deception gets softer right now, so you're more likely to believe what you want to believe about someone or something. Over the coming weeks, check your choices against what you actually know to be true, not just what feels compelling in the moment.

♁ Chiron △ Trine ♁ natal Uranus

You find it easier to **think clearly about what you actually want to change** in your life without getting stuck in doubt or fear. Your practical side connects with your need for independence, so you can plan real steps toward breaking old patterns instead of just daydreaming about them. These days you notice you're less defensive about feedback and more willing to try new approaches, which makes tackling problems feel less exhausting.

♂ Mars * Sextile ♇ natal Pluto

Over the coming weeks, you'll notice you can **push through obstacles without burning out** — your drive feels focused rather than reckless. You're likely tackling something you've been avoiding, whether it's a difficult conversation or a project that requires real commitment. This period gives you the psychological clarity to act on your deeper goals without the usual self-doubt getting in the way.

♁ Chiron ∟ Semi sextile ♁ natal NNode

Over the coming weeks, you find it easier to **spot patterns in your own behaviour** without getting stuck in self-criticism. Small conversations or situations naturally point out where you've been repeating the same mistakes, and you actually listen instead of defending yourself. This practical self-awareness makes it simpler to adjust course in relationships and work without needing to overanalyse everything.

♃ Jupiter Rx · ♑ Capricorn

Ambitions and long-term structures built on optimistic assumptions are being tested right now. Career growth or institutional commitments that seemed on track may require more realistic adjustment than you had planned. Reviewing what is genuinely working in your long-term strategy before continuing to build is the most productive use of this period.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun △ Trine ♃ Jupiter

Right now you feel **more confident about your abilities** and you're likely to take on tasks you've been putting off. People around you notice your optimism and it spreads, making conversations easier and collaborations feel lighter. This is a practical window where your effort tends to produce visible results, so taking action on something you care about usually pays off.

☉ Sun * Sextile ☽ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

LUNAR DAY

Moon in ♍ Virgo · Day 10 / 30 · First Quarter

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
