KEY TRANSIT FACTORS

♂ Mars ☌ Conjunction ♃ natal Jupiter

You feel **more confident taking action** on things you have been thinking about for weeks. Your appetite for challenges grows right now, and you are willing to push harder than usual at work or in personal projects. Over the coming weeks, watch that you don't overcommit or say yes to everything just because you feel capable of doing it.

♀ Venus ☌ Semi sextile ☿ natal Mercury

Over the coming weeks, your conversations flow more easily and people respond well to what you say. You find yourself **speaking with more warmth and genuinely interested in what others think**, which makes them want to talk with you. This natural charm in how you communicate opens doors socially and professionally without you having to force anything.

♆ Neptune ☌ Trine ♂ natal Mars

Right now you find it easier to act on your creative ideas without overthinking or second-guessing yourself. Your usual need to charge ahead gets **softened by intuition**, so you pick up on what others actually need instead of just pushing your own agenda. Over the coming weeks, this blend of confidence and sensitivity means you can get things done while keeping people around you feeling heard.

♁ NNode ☐ Square ♇ natal Pluto

Right now you are **resisting changes that feel necessary but threatening**, and this resistance is creating real friction in your relationships and work. You want to stay in control of situations that are actually asking you to let go, which makes you come across as stubborn or defensive to people around you. Over the coming weeks, the only way forward is to identify what you are actually afraid of losing and decide whether holding on to it is worth the conflict.

♇ Pluto ☌ Semi sextile ♆ natal Neptune

You find it easier right now to **notice patterns in situations that confused you before**, especially in relationships or creative projects where things felt murky. Your practical judgment sharpens, letting you spot what's actually happening underneath surface appearances rather than getting lost in assumptions. This clarity lasts only a few weeks, so it's a good time to make decisions about situations you've been uncertain about.

☿ Mercury Rx · ♑ Capricorn

Professional communications and career-related decisions are prone to misalignment right now. Contracts, applications, or plans that seemed finalized may need revisiting before they are acted on. The careful checking you do now prevents public errors later.

☉ Sun ☌ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ☐ Square ♅ Uranus

Right now you are more **restless and impatient with routine**, which makes it harder to stick to normal responsibilities or follow through on what you started. You want to break free from constraints, but the practical world does not cooperate, so you feel trapped between what you want to do and what you have to do. This psychological friction can push you toward reckless decisions if you do not find a safe outlet for the urge to rebel.

LUNAR DAY

Moon in ♈ Aries · Day 11 / 30 · First Quarter

Impatience with delays rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
