KEY TRANSIT FACTORS

☉ Sun ☐ Square ☉ natal Sun

Right now you're running up against your own limits in ways that feel uncomfortable and direct. You may notice yourself **pushing harder on goals that aren't moving**, or running into resistance from people who usually support you. This friction is real, not imaginary—your confidence is lower than usual, and small setbacks land harder, so this is a good time to slow down and reassess rather than force things forward.

♃ Jupiter △ Trine ♀ natal Venus

Right now you're naturally more **generous and open-handed** with people around you, and they notice. You find it easier to say yes to invitations, spend money on things that bring you joy, and let others see you enjoying yourself without guilt. This practical shift in how you move through social situations tends to bring more warmth back to you from the people in your life over these coming weeks.

☾ Moon ∟ Semi sextile ♁ natal Chiron

Right now you find it easier to talk about things that usually embarrass or hurt you, and people respond with genuine understanding instead of judgment. Your **willingness to be honest about your struggles** creates real connection with others who have felt the same way. Over the coming weeks, this openness helps you move past old shame without needing to overthink it.

♂ Mars ☌ Conjunction ♅ natal Uranus

Right now you feel a sudden urge to break free from routines that have been holding you back, and you're **more willing to take risks and act on impulses** than usual. You might start arguments about rules you've always resented, or suddenly quit something without a backup plan. This restless energy will pass in a few weeks, but while it lasts, the challenge is channeling this drive toward change instead of just creating chaos.

♇ Pluto ☌ Conjunction ♃ natal Jupiter

You're experiencing a **pull toward bigger goals and riskier decisions** right now, as if your usual caution has lifted. You might pursue opportunities or make commitments that feel exciting but also require real resources or long-term responsibility. Over the coming weeks, watch whether you're expanding into something genuinely valuable or simply overextending yourself because the moment feels urgent.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☾ Moon ∟ Semi sextile ♃ Jupiter

These days you feel a bit more generous with yourself and others, which makes social situations feel easier and less forced. You're noticing small good things around you more readily, and this **gentle optimism** makes it simpler to ask for help or offer support without overthinking it. The *Moon* and *Jupiter* connection right now creates a quiet permission to be a little kinder to yourself about your limitations.

LUNAR DAY

Moon in ♉ Taurus · Day 22 / 30 · Waning Gibbous

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
