KEY TRANSIT FACTORS

☾ Moon ☐ Square ♇ natal Pluto ★

You feel emotionally raw right now, and small frustrations hit harder than they normally do. Your impulse to control situations around you gets stronger, even though pushing usually makes things worse. These days you are likely to pick fights or withdraw completely, so watch for both patterns and try to sit with discomfort instead of acting on it.

☿ Mercury ★ Sextile ♀ Venus ★

These days you find it easier to say what you actually mean without hurting people's feelings. **Your words come across as thoughtful and warm** instead of blunt, which makes conversations go smoother and helps you connect with others. This is a good time to have the talks you have been putting off, since *Mercury* and *Venus* are working together to make you both honest and considerate.

♃ Jupiter △ Trine ☉ natal Sun

Right now you feel **more confident in yourself** and people around you pick up on that shift. You're more likely to speak up in meetings, take on new projects, or ask for what you want without overthinking it. Over the coming weeks, this is a practical time to pitch ideas, apply for opportunities, or have conversations you've been putting off because your natural self-assurance makes people more receptive to you.

♄ Saturn qx Quincunx ♄ natal Saturn

These days you notice your usual routines feel slightly off balance, as if the structure you rely on no longer fits quite right. You might find yourself **adjusting your approach to work or discipline** more often than usual, catching small inefficiencies you'd overlooked before. This discomfort is temporary and often points to practical changes worth making once this period passes.

♁ Chiron △ Trine ☉ natal Sun

Over the coming weeks, you find it easier to **talk about your past struggles without shame**, and people respond by listening instead of judging. Your confidence in handling difficult conversations improves naturally, and you notice you can help others through their problems without getting stuck in them yourself. This period gives you a practical window to work through something that has bothered you for a while, and your clarity right now makes the work feel less heavy.

♇ Pluto ☐ Square ♁ natal Chiron

Right now you're bumping up against old wounds that usually stay quiet, and it feels uncomfortable because you can't just ignore them the way you normally do. You might find yourself **overreacting to small slights or feeling defensive** about situations that wouldn't usually bother you. Over the coming weeks, this friction is forcing you to look at how you protect yourself—not to fix everything at once, but to notice where your defenses are actually holding you back from connecting with other people.

♂ Mars Rx · ♎ Libra

Asserting your needs in relationships feels harder than usual right now, and unresolved conflicts tend to resurface. Avoiding direct confrontation can build passive tension that eventually requires release. Honest conversations about what is and is not working in close partnerships are more useful now than they feel.

♄ Saturn Rx · ♏ Scorpio

Deep psychological structures — the ways you manage power, control, and shared resources — are under quiet but significant review right now. Commitments made at depth, financial obligations, or emotional contracts with others demand careful attention. Unacknowledged patterns of control or avoidance are being surfaced for honest examination.

☉ Sun qx Quincunx ♋ NNode

At the moment you are noticing a mismatch between what you want to do and what feels like the right direction to move in. You might find yourself **hesitating before making choices** because two parts of you are pulling slightly different ways. This isn't crisis or conflict—just an uncomfortable adjustment where you have to consciously decide which impulse to follow rather than acting on automatic.

☿ Mercury ∟ Semi sextile ♃ Jupiter

These days you find it easier to **explain yourself clearly** and people actually listen instead of getting defensive. Your practical ideas connect with what matters to others right now, so conversations tend to move forward instead of getting stuck. This is a good window for sharing plans, asking for feedback, or pitching something you have been thinking about.
