KEY TRANSIT FACTORS

♊ NNode * Sextile ☿ natal Mercury

Over the coming weeks, you find it easier to say what you actually think instead of holding back. Your conversations feel more natural and people seem to listen better when you speak. This period supports **clearer communication**, especially about topics that matter to you, as *the North Node* smooths the way for *Mercury* to work at its best.

☾ Moon * Sextile ♇ natal Pluto

Right now you find it easier to talk about things that usually feel too difficult or personal. Your **willingness to be honest** about what you actually feel creates real connection with the people around you. Over the coming weeks, this openness helps you work through old emotional patterns without getting stuck in them.

♄ Saturn ♂ Conjunction ♆ natal Neptune

Right now you feel less inclined to daydream or escape into fantasy, and instead want to deal with practical reality. You may notice that vague plans or wishful thinking that once appealed to you now feel pointless, making you **more direct and realistic about what you can actually accomplish**. Over the coming weeks, this clarity can help you sort out which goals are worth your time and which ones were just pleasant distractions.

♃ Jupiter * Sextile ♀ natal Venus

These days you find it easier to say yes to social invitations and connect with people who matter to you. You feel **naturally generous** with your time and attention, which makes others want to be around you more. This period is ideal for deepening friendships, starting new relationships, or simply enjoying the company you keep without forcing anything.

♁ Chiron ☐ Square ♄ natal Saturn

Right now you're noticing where you've built walls to protect yourself, and those same walls are making you feel trapped and isolated. You become **more critical of yourself and others**, expecting failure before you even try, which makes it harder to reach out or take reasonable risks. Over the coming weeks, this period pushes you to examine whether your caution is actually keeping you safe or just keeping you small.

♃ Jupiter Rx · ♌ Leo

Creative confidence and the desire to be seen or celebrated retreat inward during this period. Projects that were expanding boldly may need a quieter phase of consolidation and honest self-review. Evaluating what you are genuinely proud of versus what requires more work is the most honest use of this time.

♄ Saturn Rx · ♐ Sagittarius

Beliefs that have been functioning as unexamined rules are being tested for their actual utility right now. Long-term plans based on optimistic assumptions may need grounding in more realistic evaluation. Honest review of what you have committed to — in education, philosophy, or travel — is more productive than continuing forward without looking back.

☉ Sun △ Trine ♃ Jupiter

Right now you feel **more confident about your abilities** and you're likely to take on tasks you've been putting off. People around you notice your optimism and it spreads, making conversations easier and collaborations feel lighter. This is a practical window where your effort tends to produce visible results, so taking action on something you care about usually pays off.

☉ Sun △ Trine ♄ Saturn

These days you find it easier to follow through on what you say you will do, and people notice your **reliability**. Work feels less overwhelming because you can break tasks into realistic steps instead of getting stuck in your own way. The practical support is there if you use it — the *Sun* trine *Saturn* makes real effort pay off in real results.

☉ Sun ∟ Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

LUNAR DAY

Moon in ♌ Leo · Day 10 / 30 · First Quarter

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
