KEY TRANSIT FACTORS

♊ NNode □ Square ♅ natal Uranus ★

Right now you're caught between wanting to break free and feeling pulled toward fitting in with a group or community, which creates real friction in your social life. You might find yourself saying yes to commitments you don't actually want, then suddenly rejecting them or picking fights over small things. Over the coming weeks, this restlessness will push you to examine which relationships or groups are genuinely yours and which ones you've stayed in out of habit or obligation.

♃ Jupiter ∟ Semi sextile ☉ natal Sun

You feel a quiet boost to your confidence right now, making it easier to speak up in situations where you'd normally hold back. People respond well to you at the moment because you come across as genuinely interested and **naturally encouraging**, which opens social and professional doors. This support from *Jupiter* touching your *Sun* lasts a few weeks and works best when you actually say yes to invitations and new opportunities instead of waiting for the perfect moment.

♀ Venus qx Quincunx ♊ natal NNode

Right now you are noticing small misalignments between what you want socially and what actually fits your growth. You might find yourself attracting people or situations that feel pleasant on the surface but slightly off-track from where you are heading. Over the coming weeks, you will do better by checking in with yourself about whether new connections or social choices actually move you forward or simply feel comfortable in the moment.

☉ Sun □ Square ♇ natal Pluto

Right now you are **pushing hard against people or situations that feel controlling**, and this is likely to create real friction in your relationships and work. You may notice you are more irritable than usual, especially when someone challenges your authority or when you feel your independence is being threatened. Over the coming weeks, this friction will either force you to set clearer boundaries or lead you into unnecessary conflicts that exhaust you.

♂ Mars □ Square ♂ natal Mars

Right now you feel **irritable and quick to react** to small frustrations that normally wouldn't bother you. Your impatience makes it hard to work through tasks methodically, and you might snap at people or rush into decisions you later regret. This friction between what you want to do immediately and what actually needs doing tends to create conflict at work and at home over the coming weeks.

♃ Jupiter Rx · ♐ Sagittarius

Beliefs, philosophies, and long-held worldviews are under more rigorous self-examination than usual right now. Optimism that has been unquestioned may suddenly reveal its assumptions. This period is genuinely useful for distinguishing between what you believe and what you actually know.

♄ Saturn Rx · ♑ Capricorn

Ambitions, career structures, and long-term goals are under the most rigorous review possible during this period. Work that has been sustained through discipline alone may now reveal where genuine motivation is missing. This is a demanding but genuinely clarifying period for honest assessment of your long-term direction.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ∟ Semi sextile ♀ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun * Sextile ♃ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.
