## KEY TRANSIT FACTORS

### ♁ Chiron ♂ Opposition ♀ natal Venus ★

You are noticing flaws in people you care about that you usually overlook, and it makes you question whether the relationship is worth the effort. **Your affection feels conditional right now**, and you may withdraw or become critical without meaning to. Over the coming weeks, this friction is forcing you to decide what you actually need from the people in your life instead of just going along with things.

### ☿ Mercury ★ Sextile ♀ natal Venus ★

You find it easier to say what you actually mean to people you care about, and they respond well to your honesty. **Your words come across as warm and thoughtful** instead of rushed or clumsy, which helps conversations feel closer. Over the coming weeks, this is a good time to have the talks you've been putting off or to express appreciation to someone who matters to you.

### ♄ Saturn △ Trine ♁ natal Uranus ★

Right now you find it easier to turn your unusual ideas into actual plans that work. You can **think in practical steps** without losing what makes your vision interesting or different. This period is ideal for starting projects that need both creativity and solid organization, because your brain is naturally balancing both at once.

### ☾ Moon ★ Sextile ♂ natal Mars ★

Right now you feel **more willing to act on what you want** instead of sitting with frustration. Your emotional state and your drive are actually pointing in the same direction, so small tasks feel less like pushing a boulder uphill. Over the coming weeks, you'll likely notice you're quicker to start conversations, make decisions, or tackle projects that have been sitting around.

### ♁ NNode ♁ Quincunx ♀ natal Venus

Right now you're noticing a mismatch between what you want in relationships and what actually feels right for you. You might say yes to social invitations or romantic gestures while feeling oddly disconnected from them at the same time. Over the coming weeks, pay attention to what your gut is telling you about your connections, because your head and heart aren't quite lined up.

### ♂ Mars Rx · ♊ Gemini

Energy scatters across too many directions right now, making sustained effort on a single goal unusually difficult. Arguments or miscommunications can flare up without clear cause, and the frustration of divided attention builds quickly. Choose one or two priorities and protect them from the rest during this period.

### ☉ Sun △ Trine ♃ Jupiter

Right now you feel **more confident about your abilities** and you're likely to take on tasks you've been putting off. People around you notice your optimism and it spreads, making conversations easier and collaborations feel lighter. This is a practical window where your effort tends to produce visible results, so taking action on something you care about usually pays off.

### › Moon ☾ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.

### › Moon ☾ Square ♃ Jupiter

Your emotions feel bigger than they actually are right now, and you are **overreacting to small disappointments** as if they matter more than they do. *Jupiter* amplifies whatever *Moon* is feeling, so today you might eat too much when you are mildly sad, or spend money you did not plan to spend because you want to feel better. The gap between what you want and what is realistic becomes harder to ignore, and sitting with that gap without doing something about it takes real effort.
