KEY TRANSIT FACTORS

☾ Moon * Sextile ♂ natal Mars ★

Right now you feel **more willing to act on what you want** instead of sitting with frustration. Your emotional state and your drive are actually pointing in the same direction, so small tasks feel less like pushing a boulder uphill. Over the coming weeks, you'll likely notice you're quicker to start conversations, make decisions, or tackle projects that have been sitting around.

♀ Venus ∟ Semi sextile ☾ natal Moon

These days you find it easier to **accept comfort from people around you** without overthinking it or pulling away. Your emotional guard drops just enough that you can actually enjoy a conversation, a meal shared, or someone's company without feeling like you need to earn it. This small shift makes your relationships feel less like work and more like something that naturally fills you up.

♆ Neptune □ Square ♃ natal Jupiter

Right now you are **overestimating what you can achieve** and making commitments based on wishful thinking instead of realistic assessment. Your usual confidence in your plans is being clouded by *Neptune*, so promises you make or goals you set are likely to fall apart once you try to execute them. Over the coming weeks, expect practical disappointment and the need to scale back or rebuild what you've rashly agreed to.

♅ Uranus ♂ Opposition ♃ natal Mercury

Your thoughts feel scattered and hard to pin down right now, making it difficult to follow through on plans or explain yourself clearly to others. You may say things you didn't mean or misunderstand what people are trying to tell you, creating **unexpected miscommunication** in conversations that normally go smoothly. This period asks you to slow down and double-check your words and reasoning before acting on them, even though your mind is pushing you to move fast.

☉ Sun △ Trine ♀ natal Venus

Right now you find it easier to like yourself and feel comfortable in your own skin, which naturally makes other people want to be around you more. You're less critical of your flaws and **more accepting of who you are**, so conversations flow better and you come across as genuinely relaxed instead of trying too hard. This period is ideal for repair work in relationships, starting something new socially, or simply enjoying the company of people you care about without the usual second-guessing.

☉ Sun △ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

☉ Sun △ Trine ☽ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

☉ Sun ☿ Conjunction ♇ Pluto

These days you're more aware of what actually matters to you and less willing to pretend otherwise. You may feel **driven to make real changes** — dropping habits that feel fake or relationships that drain you — even if it makes things uncomfortable for a while. This isn't about drama; it's about wanting your life to match what you actually believe.

LUNAR DAY

Moon in ♌ Leo · Day 17 / 30 · Full Moon

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
