## KEY TRANSIT FACTORS

### ☉ Sun ☌ Opposition ♀ natal Venus

Right now you are more critical of the people close to you and harder to please in your relationships. You might push away someone who genuinely cares about you because you're noticing all their flaws instead of their good qualities. This **temporary harshness** in how you judge others can create distance that takes real effort to repair once this period passes.

### ♁ Chiron △ Trine ♃ natal Jupiter

While this lasts, you're more willing to talk about what actually hurt you in the past without getting stuck in blame. Your **practical honesty about your own weak spots** makes people trust you more, and they often open up to you about theirs. Over the coming weeks, this becomes an actual advantage in your relationships and work because you can help others without pretending you have all the answers.

### ♇ Pluto \* Sextile ☿ natal Mercury

Your thinking becomes **sharper and more penetrating** while *Pluto* supports your *Mercury* right now. You naturally spot patterns others miss and can ask the questions that get to the real issue in conversations or problems. This clarity lasts for weeks and helps you communicate about difficult topics with unusual directness and honesty.

### ♄ Saturn ☌ Quincunx ☿ natal Mercury

Right now your thinking feels clumsy and slow compared to how you normally operate. You have to work harder to organize your thoughts or explain yourself clearly, even when you know what you mean. This awkward phase lasts a few weeks and usually passes once you stop fighting the slower pace and just accept that communication takes more effort at the moment.

### ♁ Lilith ☌ Conjunction ♁ natal Chiron

You're becoming more aware of the ways you've learned to protect yourself by staying separate or defensive, and that awareness is making you uncomfortable right now. This period is pushing you to notice how **keeping people at a distance** actually stops you from getting the help or connection you need. Over the coming weeks, you may find yourself caught between your instinct to withdraw and a growing recognition that isolation isn't actually keeping you safe.

### ♂ Mars **Rx** • ♎ Libra

Asserting your needs in relationships feels harder than usual right now, and unresolved conflicts tend to resurface. Avoiding direct confrontation can build passive tension that eventually requires release. Honest conversations about what is and is not working in close partnerships are more useful now than they feel.

### ♃ Jupiter **Rx** • ♎ Libra

The growth of partnerships and social connections pauses for internal review during this period. Beliefs about fairness, collaboration, and what constitutes a good agreement are being quietly re-examined. Clarifying what you genuinely want from close relationships matters more right now than what seems reasonable on the surface.

☉ Sun ☿ Quincunx ♀ Moon

At the moment, your **emotional needs and practical goals are pulling in different directions**, and this creates a low-level discomfort that's hard to name. You might feel restless or slightly out of sync—your body wants one thing while your mind is focused on something else entirely. This isn't a crisis, but it does mean you'll need to make small adjustments throughout the day to feel more settled.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ♃ Semi sextile ♄ Saturn

These days you find it easier to stick with practical commitments without feeling weighed down by them. **You can be disciplined and follow through** on plans while still enjoying the process instead of resenting it. The light touch between *Sun* and *Saturn* means your natural confidence supports your ability to work steadily toward real goals.

LUNAR DAY

Moon in ♏ Scorpio · Day 18 / 30 · Full Moon

**Psychological intensity rises** for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
