KEY TRANSIT FACTORS

☾ Moon ☐ Square ♇ natal Pluto ★

You feel emotionally raw right now, and small frustrations hit harder than they normally do. Your impulse to control situations around you gets stronger, even though pushing usually makes things worse. These days you are likely to pick fights or withdraw completely, so watch for both patterns and try to sit with discomfort instead of acting on it.

♅ Uranus ☉ Opposition ♃ natal Jupiter

Right now you are **questioning beliefs and plans that felt solid weeks ago**, and this doubt is making it hard to commit to anything. Your usual optimism about the future is getting interrupted by a voice telling you that what you want might not work, or that you have been overlooking real problems. Over the coming weeks this restlessness will push you to rethink your direction, but the process feels uncomfortable and destabilizing rather than clarifying.

☿ Mercury △ Trine ♅ natal Uranus

Your mind is working faster than usual right now, and you're making unexpected connections between ideas that seemed unrelated before. You find yourself **thinking in new directions** and willing to try approaches that normally wouldn't occur to you. Over the coming weeks, this mental clarity can help you solve practical problems or come up with fresh solutions at work or in your personal projects.

♃ Jupiter ☉ Opposition ♀ natal Venus

Right now you're spending money and making commitments faster than usual, and you're not feeling satisfied no matter what you get. You might overextend yourself socially or financially because you keep thinking the next thing will finally feel like enough. This period pushes you to notice where you're using purchases or relationships to fill an emotional gap that actually needs something else.

♁ Chiron ☉ Opposition ♆ natal Neptune

Over the coming weeks, you become aware of ways you have been avoiding practical reality by retreating into fantasy or wishful thinking. Your usual escape routes stop working, and you feel **exposed and raw when you cannot slip away into daydreams**. This discomfort is real, but it is also pointing you toward the concrete problems you need to address instead of imagining them away.

☉ Sun ☉ Opposition ☾ Moon

Right now you feel pulled in two directions at once, and it's hard to know what you actually want. You might notice yourself **acting one way in public and feeling something completely different inside**, which creates an awkward tension you can't ignore. This split between what you're showing others and what you're experiencing privately tends to make decisions feel impossible until the aspect passes.

☉ Sun □ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. Sun square Jupiter pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ♂ Conjunction ♅ Uranus

At the moment, you feel **restless and impatient with routines that normally work fine**. You might suddenly want to change something about how you look, where you work, or how you spend your time, even if there's no real problem. This push to break free or do something different is normal right now, so notice what you actually want to change versus what's just nervous energy looking for an outlet.
