KEY TRANSIT FACTORS

♀ Venus * Sextile ♃ natal Mercury · peak 18 Dec ★

Right now you find it easier to say what you actually mean, and people respond well to your honesty. Your **words carry more warmth**, so conversations that usually feel difficult become straightforward and even enjoyable. Over the coming weeks, this natural ease with communication can help you sort out misunderstandings or simply connect more deeply with the people around you.

♇ Pluto ♂ Opposition ♄ natal Chiron · peak 6 Dec

Over the coming weeks, you are likely to feel **defensive about your vulnerabilities** in ways that push people away. Old wounds or insecurities that you normally manage quietly become raw and exposed, making you want to control how others see you. This psychological pressure can feel intense, but it often forces you to stop hiding what actually hurts and start addressing it directly.

♆ Neptune △ Trine ♄ natal Chiron · peak 6 Dec

Over the coming weeks, you find it easier to talk about your past hurts without getting stuck in them. People seem to open up to you more readily because you listen without judgment or trying to fix things. Your **natural compassion** is flowing right now, making this a good time to help others or work through your own emotional wounds with a professional.

♅ Uranus ∟ Semi sextile ♃ natal Mercury · peak 15 Dec

Over the coming weeks, your mind becomes **quicker to spot new angles on old problems**, and you find yourself asking questions you wouldn't normally ask. Small talk feels less interesting, but one-on-one conversations where you can explore unusual ideas feel energizing and natural. This is a good time to try a different approach to something at work or pick up a skill you've been curious about, because your brain is genuinely primed for it right now.

♁ NNode * Sextile ☾ natal Moon · peak 31 Dec

These days you're naturally **more comfortable opening up to people** about what you actually feel instead of keeping things hidden. Your emotional honesty tends to create real connection rather than awkwardness, and others respond by being honest back. Over the coming weeks, this straightforward way of relating makes your relationships feel less exhausting and more genuine.

♄ Saturn □ Square ☉ natal Sun · peak 1 Dec

Right now you feel less confident than usual and more aware of your limits. Your **self-doubt shows up in real ways** — you hesitate before speaking up, you second-guess decisions you would normally make quickly, and you notice people responding to this hesitation by taking the lead instead. This period asks you to do practical work on your confidence, not by ignoring the doubts but by acting despite them.

♃ Jupiter ♁ Quincunx ♅ natal Uranus · peak 31 Dec

Over the coming weeks you feel pulled toward making changes but run into practical obstacles that slow you down. Your impulse to break free from routine collides with real constraints like money, time, or other people's expectations. You might feel restless and frustrated because what you want to do does not line up with what is actually possible right now.

♅ Uranus ♌ Semi sextile ♀ natal Venus · peak 31 Dec

You're noticing small but real shifts in how you present yourself socially these days. You feel a bit more willing to try a different style, say something unexpected, or connect with people outside your usual circle. This **gentle openness to change** in your relationships and self-expression comes without pressure, so you can experiment and see what actually fits.

♄ Chiron ♂ Opposition ♂ natal Mars · peak 31 Dec

Right now you are more aware of how you push forward without checking if you are actually hurting yourself or others. **You second-guess your own aggression** and find it harder to act decisively because you are noticing the damage you might cause. Over the coming weeks, this self-doubt can make you feel stuck between wanting to move forward and worrying you will do it wrong.

♄ Chiron ♌ Trine ☾ natal Moon · peak 1 Dec

Right now you find it easier to talk about what actually hurts instead of pushing feelings away or making yourself smaller. People around you respond differently when you speak from this honest place, and conversations that would normally feel risky become manageable. Over the coming weeks, this support from others gives you real permission to take your emotional needs seriously rather than dismissing them as weakness.

♆ Neptune * Sextile ♀ natal Venus · peak 1 Dec

Right now you're more **willing to see people as they want to be seen rather than how they actually are**, which softens your relationships in a real and practical way. You feel less critical of your partner or close friends and more inclined to give them the benefit of the doubt when things go wrong. Over the coming weeks, this gentler outlook makes your social life feel easier and your connections feel warmer, even though nothing concrete has actually changed.

♇ Pluto ♂ Conjunction ♀ natal Venus · peak 1 Dec

You're experiencing **unusually intense feelings about your relationships and what you want from them**. Your attractions feel deeper and more serious than usual, and you may find yourself wanting to control or reshape a partnership in some way. These shifts won't last long, but while *Pluto* is conjunct your natal *Venus*, expect your emotional needs to feel non-negotiable.

♃ Jupiter ♌ Trine ♃ natal NNode · peak 31 Dec

Over the coming weeks, you find it easier to say yes to opportunities that genuinely interest you instead of second-guessing yourself. **You pursue what matters to you with more confidence**, whether that is a new skill, a social group, or a professional direction. These doors open partly because you are actually asking for what you want, and people tend to respond well to that clarity.

♃ Jupiter ♁ Quincunx ♂ natal Mars · peak 1 Dec

Over the coming weeks, you may notice your usual drive and confidence don't quite match up with what's actually possible right now, leaving you **frustrated when plans don't move as fast as you want them to**. *Jupiter* is expanding your ambitions while *Mars* pushes for quick action, but the two are pulling in slightly different directions. You might waste energy on projects that start with excitement but need to be adjusted or abandoned halfway through.

♃ NNode ♌ Semi sextile ♇ natal Pluto · peak 1 Dec

Over the coming weeks, you find it easier to **speak up about what you actually want** instead of staying quiet to keep the peace. Small conversations that would normally feel risky now feel manageable, and people respond better than you expected. This is a good time to set a boundary you have been putting off or to tell someone what you really think.

♃ Jupiter Rx · ♉ Taurus

Material growth and financial expansion slow during this period, encouraging a more careful review of resources and values. Over-commitments made in a spirit of optimism may now feel burdensome. Consolidating what you have is more productive now than reaching for more.

♄ Saturn Rx · ♌ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

KEY DATES

Wed, 1 Dec ♄ Saturn □ Square ☉ natal Sun

Mon, 6 Dec ♀ Mercury enters ♑ Capricorn

Full Moon in Gemini

♅ Pluto ♂ Opposition ♄ natal Chiron

♆ Neptune △ Trine ♄ natal Chiron

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Fri, 10 Dec ♀ Venus enters ♒ Aquarius

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Mon, 13 Dec ♅ Pluto ♂ Opposition ♄ natal Chiron

♆ Neptune △ Trine ♄ natal Chiron

♄ Saturn □ Square ☉ natal Sun

Tue, 21 Dec New Moon in Sagittarius

Wed, 22 Dec ☉ Sun enters ♑ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Tue, 28 Dec ♀ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Thu, 30 Dec ♁ NNnode enters ♎ Libra

North Node in *Libra* pushes people toward **working with others** and **finding balance** instead of acting alone—you'll notice this shift in how much feedback and partnership matter now in decisions that used to feel individual. At work and in relationships, **compromise** becomes harder to avoid and actually gets better results, even though it takes more talking and listening than people are used to. The pattern is that people become more aware of how their choices affect others and start **weighing different viewpoints** before moving forward, which slows things down but stops costly mistakes.
